21st MARCH 1891, No. 279 I., PUBLIC WORKS.

GOVERNMENT OF MADRAS.
PUBLIC WORKS DEPARTMENT.

Irrigation.

READ—the following paper:—

From C. VINCENT, Esq., Under-Secretary to the Government of India, Public Works Department (Civil Works—Irrigation), to the Secretary to the Government of Madras, Public Works Department, dated Calcutta, 7th March 1891, No. 36 I.

In continuation of Public Works Department letter No. 202 I., dated the 15th December 1890, I am directed to forward, for information, the accompanying copy of a despatch No. 3 P.W., dated the 29th January 1891, from the Secretary of State for India, communicating sanction to the improvement and extension of the Kalingaroyen channel in the Coimbatore district at a total estimated cost of Rs. 8,71,000, of which Rs. 8,25,000 are for direct and Rs. 46,000 for indirect charges.

2. The sanction accorded by the Secretary of State has been registered in this office as No. 2 I. of 1890-91.

ENCLOSURE.

Despatch from the Right Honorable Her Majesty's Secretary of State for India, to His Excellency the Most Honorable the Governor-General of India in Council, dated India Office, London, 29th January 1891, No. 3 (Public Works).

I have considered in council the scheme submitted with your Public Works letter No. 75, dated 10th December 1890, for the improvement and extension of the Kalingaroyen channel in the Coimbatore district of the Madras Presidency at a total cost of Rs. 8,71,000 for direct and indirect capital expenditure, which it is proposed to charge against Loan funds.

2. The need for the improvement of the Kalingaroyen channel has long been recognized and the expectation that the revenue derived from the scheme will be sufficient to allow its inclusion in the class of works constructed out of borrowed funds appears to me well founded. I accordingly sanction Your Excellency's proposals.

ORDER—dated 21st March 1891, No. 279 I., Public Works.

Communicated to the officers concerned for information.

2. The Superintending Engineer, IV Circle, will report, at an early date, the amount required for expenditure next year on improving and extending the Kalingaroyen channel in the Coimbatore district.

3. This sanction has been registered as No. 168 I. of 1890-91.

4. The following letter will be sent to the Government of India.

(Here enter No. 280 I., dated 21st March 1891.)

Proceedings of the Board of Revenue
(Separate Revenue)

Dated 16th October 1893.

N^o 4173 Mis.

Read again Proceedings of
the Board of Revenue Separate
Revenue dated 18th September 1893
N^o 3754 Mis. referring sanctioned
to the Deputy Commissioner Southern
Division Estimate for repair-
ing the office of the Circle Inspector
Coimbatore and requesting the
Collector to report if there is any
objection to the building being
handed over to the Salt and
Abkari Department.

Read also letter from the
Collector of Coimbatore dated
7th October 1893 N^o 1373 of 93, reporting
that there is no objection to the
transfer to the Salt and Ab-
kari Department of the building
referred

referred to.

Resolution.

In the Proceedings read above the Collector of Coimbatore was requested to report whether he had any objection to the building at present occupied as the office of the Inspector of salt and alkali - Kari Revenue Coimbatore Circle being handed over to the Salt and Alkali Department.

The Collector reporting in the second paper read above that he has no objection, the Super Engineer 4th Circle is requested to be so good as to obtain the sanction of Government for the formal transfer of the building.

From " " " " 6th Feb. 1895 " 26 E.I.	

No. 70 I.

Submitted to Government. The amount of the estimate for constructing regulating sluices for Kullapuram and Krishna Aiyar's channels in the Coimbatore division, forwarded by the Superintending Engineer, IV Circle, with reference to G.O., No. 411 I., dated 23rd May 1894, has been reduced in this office from Rs. 3,600 to Rs. 3,460 owing to errors found in the calculations for "rough stone in mortar."

(Signed) R. R. E. DRAKE-BROCKMAN, Colonel, R.E.,
5th March 1895. Chief Engineer for Irrigation.

ORDER—dated 5th April 1895, No. 322 I., Public Works.

The following estimate is sanctioned:—

Irrigation.

43. Minor Works and Navigation.

Minor Works for which neither Capital nor Revenue Accounts are kept, but for which individually a continuous record is maintained.

Coimbatore Division.

Amaravati River.

Original Works.

Constructing regulating sluices for Kullapuram and Krishna Aiyar's channels, estimate	RS.
...	3,460

2. This sanction is registered as No. 4 I. of 1895-96.

3. The cost of the sluice for Krishna Aiyar's channel will be recovered from his son as laid down in G.O., No. 411 I., dated 23rd May 1894.

To

The Chief Engineer
P.W. Department,

Sir,

I have the honor to in-

form you that one of the build-
ings (Deputy Collector's office)
in the occupation of the Col-
lector and his Establishment
at Coimbatore, and bearing
N^o 13/a in the Register of Public
Buildings of the Coimbatore
Division, is being used as
an office by the Inspector
of Salt and Akari Revenue,
and that the Collector has
no objection to its being trans-
ferred

ferred to the Salt and Akhari
Department for their sole
use. A copy of the Proceedings
of the Board of Revenue No. 4173
Misc. dated 16th October 1893 ask-
ing the transfer of the build-
ing to the Salt and Akhari
Department is enclosed for
your information.

2. In these circumstances,
and as the building is not
required for departmental
use, I request you will be good
enough to obtain the sanction
of Government to its transfer
to the Salt and Akhari De-
partment.

I have the honor to be

Sir,

Your most obed^t. Serv^t

Arthur D. Cal. R.
Superintending Engineer &c

23RD MAY 1894, No. 411 I., PUBLIC WORKS.

2923

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Irrigation.

Read—the following paper:—

G.O., dated 4th May 1894, Mis. No. 1788, Revenue.

Read—the following Proceedings of the Board of Revenue (Land Revenue), dated
16th April 1894, Mis. No. 2033:—

Read—the following letter from the Chief Engineer for Irrigation, to the Secretary
to the Commissioners of Land Revenue, dated 21st March 1894, No. 164 M.

With reference to Board's Proceedings, Mis. No. 477, dated 31st January 1894,
I have the honour to observe that what would meet the case appears to me to build
the necessary head sluices to both the Kallapuram and Krishna Aiyar's channels and,
as long as there is sufficient water in the river to supply the acreages under both
channels, to admit water in those channels to the necessary depth on rear floor, taking
a duty of 44 acres per cubic foot per second. When water is not sufficient for the
total acreage under both channels, only the surplus available after Kallapuram channel
is fully supplied should be sent down Krishna Aiyar's channel. The Kallapuram
channel acreage should in all cases have the preference.

Endorsement by the Secretary to the Commissioner of Revenue Settlement, Land
Records and Agriculture, dated 3rd April 1894.

Transferred to the Commissioners of Land Revenue.

Resolution—dated 16th April 1894, Mis. No. 2033.

Submitted to Government with reference to paragraph 2 of G.O., dated 13th
March 1894, Mis. No. 1096.

2. The Board agrees with the Chief Engineer for Irrigation in considering that
head sluices should be built to both the Kallapuram and Krishna Aiyar's channels.
The cost of the sluice at the head of the latter channel should, however, be recovered
from Krishna Aiyar's son as already directed by Government. It is requested that
orders may issue in the Public Works Department for the works to be put in hand at
an early date.

3. As the area which Krishna Aiyar's son is entitled to irrigate at a favorable
rate of assessment under the terms of the grant of 1863 has been fixed at 1,569.08
acres, irrigation in excess of this extent or new irrigation outside the limits of his
grant should be charged with prohibitory assessment as proposed in paragraph 5 of the
Collector's letter, dated 17th July 1893, Ref. on 820 Board. K. Venkata Krishnier
should be informed accordingly.

Order—dated 4th May 1894, Mis. No. 1788, Revenue.

The Board's recommendations in paragraphs 2 and 3 of its Proceedings read above are approved. Orders will issue in the Public Works Department for the construction of the head sluices at an early date.

(True Extract.)

(Signed) E. GIBSON,
Ag. Secretary to Government.

ORDER—dated 23rd May 1894, No. 411 I., Public Works.

Communicated to the Superintending Engineer, IV Circle, who will arrange for constructing both the head sluices as soon as possible, the cost of the sluice for the Krishna Aiyar's channel being recovered as a deposit in advance from his son
