READ—the following paper :—

From the Secretary to the Government of India, Military Department; to the Secretary to the Government of Madras, Public Works Department, dated Simla, the 2nd June 1893, No. 1685 M.W. (Reports and Returns).

I am directed to acknowledge the receipt of your letter No. 1230 W., dated the 5th May 1893, inquiring whether, when there are no alterations whatever in a return of military buildings already submitted, it is necessary to submit a complete printed return for the succeeding year, or whether it will be sufficient in such case to report that there are no changes.

2. In reply, I am to say, for the information of His Excellency the Governor in Council, that the Government of India are of opinion that a fresh printed return should be submitted annually as desired in Military Department letter No. 3440 M.W., dated 28th November 1892, and that, where no change is made in the body of the printed return previously submitted, a spare copy of that return may be submitted with the date altered. A specimen of the form employed in the Military Works Department is sent herewith, from which it will be seen that the filling in of the year and date and signature entail a minimum of labour.

ORDER—dated 22nd June 1893, No. 1646 W., Public Works.

Communicated to the Superintending Engineer, VI Circle, with reference to his letter No. 68 T.C., dated 16th April 1893, also to the Superintending Engineers, I and IV Circles, in continuation of G.O., No. 3377 W., dated 9th December 1892.
