GOVERNMENT OF MADRAS.
PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Civil Works.

READ—the following papers:—

From J. M. LACEY, Esq., Assistant Engineer in charge, North Arcot Division,
to the Superintending Engineer, IV Circle, dated 30th May 1893, No. 177
S.E.

I have the honour to inform you that the shed hitherto used by the store watchmen in the Vellore fort was converted into quarters for the storekeeper at a cost of Rs. 468-13-3 and the storekeeper of this division made to live there more for the safety of the tools and in the interest of Government. As the Examiner now wants to know whether the conditions in para 17, chapter XI, of the Government of India Code have been observed and the sanction of Government obtained to provide quarters to the storekeeper, I request that the sanction of Government may, therefore, now be obtained.

No. 218 E.W.

Copy submitted to the Chief Engineer, Public Works Department, with a request that he will be good enough to obtain the sanction of Government to free quarters being allowed to the storekeeper of the North Arcot division.

2nd June 1893.

(Signed) A. W. SMART, Major, R.E.,
Superintending Engineer, IV Circle.

From Major A. W. SMART, R.E., Superintending Engineer, IV Circle, to the
Chief Engineer, Public Works Department, dated Coimbatore, 13th June
1893, No. 241 E.W.

With reference to your memorandum No. 329 D., dated 7th instant, I have the honour to state that, for the safety of the large quantity of tools in store at Vellore, it was considered advisable to provide quarters for the storekeeper and two watchers; accordingly two estimates, amounting to Rs. 370 and 170, respectively, for the storekeeper and watchmen were sanctioned by this office on the 28th September 1892.

2. I beg to forward copies of correspondence that passed on the subject between this and the Examiner's offices, from which you will see that the storekeeper is made to live in the quarters built for him for the safety of the tools and in the interests of Government; so I do not consider he should be charged any rent.

3. The store building is one of the old mahals and divided up into a large number of very small rooms in which the tools are kept. It is a building which can be easily forced by thieves, and, when I was in executive charge, some tools were lost in this way.

ENCLOSURES.

From Lieutenant-Colonel R. R. E. DRAKE-BROCKMAN, R.E., Superintending Engineer, IV Circle, to the Examiner of Public Works Accounts, dated 3rd October 1892, No. 380/Exr.

I have the honour to state that the Executive Engineer, North Arcot Division, has sent in, for sanction, the undermentioned estimates and to request to be informed whether, with reference to G.O., No. 2981 W., dated 22nd September 1888, these estimates can be sanctioned for execution from Provincial, Civil Buildings, Minor Works:—

- (1) Converting the watchmen's shed into quarters for the divisional storekeeper in the Vellore fort, estimate Rs. 370.
- (2) Converting Hyder's mahal into quarters for two watchmen in the fort at Vellore, estimate Rs. 170.

2. Para. 3 of the Proceedings of the Government of India, No. 481 B., dated 7th September 1888, recorded in the above Government order, lays down that the special sanction of the Government of India should be obtained when the Local Government or Administration wishes to build or purchase a house for the occupation of a Government official without rent; but the cases under reference do not seem to fall under the above rules. It is only adapting the existing unused Government buildings for the occupation of officials for the safety of Government stores.

From I. S. SHERLOCK-HUBBARD, Esq., Examiner, Public Works Accounts, Madras, to the Superintending Engineer, IV Circle, dated 22nd October 1892, No. 1461 C.

In reply to your letter No. 380/Exr., dated 3rd October 1892, I have the honour to state that, under the circumstances therein explained, there appears to be no objection to the estimates referred to being sanctioned by you under the head Provincial, Civil Buildings, Minor Works.

ORDER.—dated 26th June 1893, No. 1673 W., Public Works.

The provision of quarters for the storekeeper is sanctioned under para. 15 (ii), chapter XI, of the Public Works Code, but there is no reason why the storekeeper should not be charged rent for the portion of the building which he occupies. Rent will be assessed accordingly from the date on which these orders are received by the Executive Engineer.
