Read—the following papers :—

Office-note from the Examiner, Public Works Accounts, dated Madras, 24th April 1893, No. 160 A.

[*Paragraph 2 of G.O., No.* 840 *W., of 28th March* 1893.]

This office has no means of checking in what cases the pay is chargeable to "establishment" and in what to "works." To admit of proper check being exercised, I would request that Superintending Engineers and others may be required keeping in view the orders now passed to submit revised scales of establishment.

2. As by the decision now communicated of the incidence of charge there will be no saving to Government, the men affected will not be entitled to any compensation retiring allowance unless the rule in Civil Service Regulations, article 471, is relaxed in their favour under special orders from the Government of India. The matter is brought to notice for the orders of Government.

LETTER—from

J. HANNAN, Esq.,
Ag. Joint Secretary to the Government of Madras,

To

THE SECRETARY TO THE GOVERNMENT OF INDIA,
PUBLIC WORKS DEPARTMENT.

SIR,

With reference to the note to article 471 of the Civil Service Regulations, I have the honour to request the sanction of the Government of India to the payment of compensation retiring allowances to the lascars and watchmen who have been recently transferred under the orders of this Government from "establishment" to "works."

2. In scrutinizing the establishment budget it was found that provision had been made for several years for a great many men on the Irrigation Conservancy establishment and for others who should not, under paragraph 67, chapter VII, of the Public Works Code, have been classed as "establishment." Superintending Engineers were accordingly requested to carefully revise the establishments of their circles and to prepare lists of persons who should be transferred from "establishment" to "works" under the paragraph of the Public Works Code above quoted. On the receipt of these lists this Government decided in G.O., No. 840 W., dated 28th March 1893, copy of which is enclosed, to transfer certain classes of employés to "works," an exception being made in the case of men in these classes of twenty years' service and upwards who were not disturbed. Notice under article 478 of the Civil Service Regulations has been served on all those whose appointments on the establishment were abolished under these orders.

P

3. As the men affected will not be entitled to any compensation retiring allowances unless the condition in article 471 of the Civil Service Regulations is relaxed in their favour, I have the honour to request that the sanction applied for may be communicated at an early date. There will doubtless be considerable saving in the difference between gratuities now payable and the capital value of prospective pensions.

I have the honour to be,
Sir,
Your most obedient servant,

Ag. Joint Secy. to Govt., P.W.D.,
General, Buildings and Roads Branch.

Office Note from the Examiner, P.W. Accounts, No. 160A. d/24 April 1893.

FOR ORDERS.

Superintending Engineers may be instructed to submit revised scales of establishment as suggested in para 1 of the Examiner's Office Note read above.

With reference to para 2 of the Note, it is submitted that the men in question having entered the Service of Govt. with the hope of securing pension or gratuity which they would become entitled to under the rules, it would be very hard on them if they should now be deprived of their expectations for no fault

fault of theirs. Article 471 of the Civil Service Regulations requires that the abolition of an appointment must produce a real saving to Government and if the saving does not exceed the cost of pension or gratuity, the abolition of appointment should be postponed. As the grant of pension or gratuity cannot be authorised without the special sanction of the Govt. of India, it is suggested that the abolition of the appointment be postponed, the orders contained in G.O. No. 840W, d/ 28 March 1893 being made applicable only to the men that may be entertained after the date of the order.

The Memorial (Current Nos: 6020 & 6021) in linked file, from the lascars in the Tanjore Division affected by the order, is also submitted for consideration. G/19-7
