Proceedings of the Court of Wards.

Dated 2nd June 1893.

1046
1

No. 1779.

Read - Letter from the Collector
of Lumsden dated 4th & 15th May 1893.
Nos. 344 & 358.

Resolution

The estimates as approved
and recommended by the Executive
Engineer, are sanctioned.

The payment from estate
funds of a remuneration of \$100 to
the P.W. officials who prepared the
estimates is authorized on the under-
standing that the previous sanction
of Government in the P.W. Department
is obtained for its acceptance by the
persons concerned.

No. 434 of 8. 6. 93.

Communicated with copy

of the Collector's first letter, to the
Executive Engineer with reference to
his letter No. 1339 dated 3.5.93.

The sum of Rs 100 sanctioned
in para 2 of the resolution will
be placed at the disposal of the
Executive Engineer on intimation
of the Collector of both. Sanction
which should be procured in
the P. W. Department to the accept-
ance of the fee by the two offi-
cials.

The Clerk

1046
From Major W. L. to Baddely A/E,
Executive Engineer, Tirunelveli Division,
to the Superintending Engineer, M. S. S. S.,
No. 2046 dated 5th July 1893.

Adverting to this office No. 288 of
28th March 1893, I have the honor to state
that the plans and estimates for impro-
ving the Tharuvakkulam in Ettapuram
estate were returned to the Collector
duly revised with my letter No. 1339
dated 3rd May 1893.

2. The Court of Wards in their pro-
ceedings No. 1779 dated 2nd June 1893—
copy of which is herewith enclosed for in-
formation, sanctioned a remuneration
of Rs 100 from Estate Funds to the
P. W. D. officials who prepared the
estimate.

3. The above plans and estimates
were prepared by Superintendent Sergeant
H. Stanley & the head draftsman of
my office, the latter did his share
of

of the work entirely out of office hours, but the former having fixed working hours.

1. I request therefore that the sanction of Government may be obtained to the acceptance of the remuneration by the individuals referred to, in proportion to their salaries.

No. 270 T.N. Dated 13th July 1893.

Copy together with copy of the enclosure is forwarded to the Chief Engineer, D.V.M., with the request that the recommendation of the Executive Engineer be sanctioned.

2. It would appear that an estimate was originally prepared by the estate owner and it was forwarded to the officer in charge of the T.R.S. Party, by the collector, then revised plans & estimate were prepared by the T.R.S. Officer, but these were forwarded to this office to be dealt with by the Regular Eng., with

1940
with No. 1752 T. of 4th November 1900, of the Chief Engineer for Irrigation, T.R.S.

3. The above revised plans & estimate did not appear to have been looked into and approved by the Officer in charge of the T.R.S. Party, and as they were forwarded to the Executive Engineer of the Regular Division to see whether they were correctly prepared and to be completed and forwarded to the collector for disposal. It would however now appear that these plans and estimates had to be revised again or fresh ones prepared by Sergeant Stanley, Supervisor and the Division Draftsmen.

4. Under Article 91 of the Civil Service Regulations, previous approval of the Chief Engineer should have been obtained to the proposal in question, but this was not done as the Executive Engineer failed to send in certain information called for in this

this office No. 774 of 2^d April 1893.
on his No. 888 of 28th March 1893. As
the Supervisor and draftsmen
are however said to have devoted
extra labor and time in the pre-
paration of the plans & estimates,
it is requested that the proposal
may be taken into favourable
consideration, as a special case.
