DOWLAISHWERAM, 27th March 1894

SIR,

With reference to your endorsement× No. 1316 C. dated the 21st Instant directing the submission of an estimate of the cost of repairing the Church at Chicacole, I have the honor to inform you that I inspected the Church on the 4 ultimo, the building is in terribly delapidated state, & the walls cracked in every direction, apparently due to the settlement of the foundations & it is in an unsafe condition. The building is, I consider, past all repairs & it therefore should be demolished, & a new Church built in its place, if necessary.

×On No. $\frac{1056C}{8\text{-}3\text{-}94}$ from Chief Engineer herewith returned with one enclosure.

2. I have noted the condition of the Church in question in my Inspection Notes, an extract from which was sent on the 5th March to the Chaplain of Vizagapatam for information, & for such action as he may deem fit.

I have the honor to be,
Sir,
your most Obedient Servt.

Sir,

I have the honor to ask for instructions under the following circumstances.

2. The Church at Chicacole is unfit for holding service in & needs extensive repairs. It seems not unlikely that if left without such repairs for more two monsoons the building or portions of it may collapse.

3. There are only about 2 Families in Chicacole belonging to the Church of England & if there is no likelihood of more Europeans & Eurasians being sent there on duty, it seems an open question whether it is worth while to repair the Church at all.
