The Superintending Engineer,
4th Circle.

Sir,

With reference to your letter No 517/m dated 12th December 1893, I have the honor to inform you that if the space in the proposed Record Room will not admit of 30 Record racks being put in, steps should, I think, be taken for the extension of the room. If you see no objection to this course, please let me have a revised estimate for the same and I shall address the Board in view to obtaining the sanction of Government. When the revised estimate for setting up 30 racks was sent up without objection, it was naturally presumed that sufficient accommodation was available for them in the Record Room.

I have &c

Sir,

In its order, dated 24-11-93, No. 4388, communicated in Board's Proceedings, dated 30-11-93, No. 6626 Mis; Government (Revenue Department) approved of and transferred to the Public Works Department for sanction the supplemental estimate for Rs 8,940 for providing record racks and plank ceiling to the Taluk cutchery at Wandiwash. On the above estimate provision has been made for 30 record racks, but it now appears that the space available in the record room admits of only 24 racks being put up. I have the honor therefore to forward for sanction an estimate (duly countersigned) amounting to Rs 740 for extending the record room of the Taluk cutchery at Wandiwash, received from the Superintending Engineer
