a road, new road has been effected from natural surveys, or otherwise, as per note II of the para under reference.

The alignment of the new road in Pedakhapalli taluq & the north of Papapalli village, appears to be slightly incorrect: it should be as dotted in red pencil on — & ~~must~~ meet the new road in Rayagada taluq, Ganjam Dist. & Vizagapatam Dist.

Two sheets of tracings shewing roads constructed during 1892, on scale Rayagada to Pondur (scale 2" = 1 mile) & the other from Parvatipur to Rayagada (Scale 1" = 1 mile) are submitted duly revised, as per instructions contained in G.O. No. 1004 W dated 12th April 1893. These two maps are now in order & may be submitted to the Survey Dept. Calcutta.

27. IV. 94.

Comments W. 1894 + 3095

W.
Should we not ask
whether the alignment
of these roads has
been actually surveyed?
for para 44 chap. IX of the
Code lays down that they
should not be mere eye
sketches made in spaces
from the Survey of India
maps.
In regard to the new road in
Madanapalli Taluq I do not
think he can accept
the dotted line marked by T.
for it shows only
the
General direction.
C+BS
5/5/94

I think we may
accept the W.C. letter and
pass this.

Addl

The accompanying index maps showing new roads constructed in the Cuddapah & Vizagapatam Districts are submitted by the Local & Municipal Depts. in order to enable the Survey Dept. to bring up the map of India to date.

Cuddapah Dist. Five maps are submitted showing the roads constructed during the year 1893 in the Cuddapah, Kadiri, Vellpad, Madanapalle & Royachoti Talugs. These maps are of a scale 1 inch = 1 mile & show the alignment of the roads constructed in red, also village sites & crossings of streams &c. and are in order drawn up in accordance to para 44, Chap IX of the Code, except that no note has been made on the maps in question as to whether the alignment of
