No: 1166/M

Executive Engineer's Office
Salem 25th November 1893

From

G. E. Pearson Esqr
Executive Engineer
Salem Division

To

The Dy: Asstt: Adjt: General
Bangalore Division

Thro:

The Executive Engineer
Military works Division
Bangalore.

Sir,

I have the honor to return the letter bearing your Cordl: No: 1926/31.10.93 with its enclosure and to forward the required plan of the Lighthouse Keeper at Jalarpet.

2. The property stands in a walled in enclosure just outside the Railway Station and is very convenient and commodious and well worth the purchasing for the price asked

Viz. Rupees 2570

3. The Buildings are of brick in mortar. Floors of concrete raised one foot above ground level. The roof of the front portion of the main building is of flat & pan tiles laid on teak rafters and beams and here and there a palmyra rafter. The roof of the rest of the main building and of the detached out buildings are of pot tiles on country beams over teak rafters, doors and windows of teak. The building is in fairly good Repair. The roof does not leak and appears to be sound though old. Any Repairs required would not cost more than a 100 Rupees.

4. There is a well of good drinking water 31 feet in depth with good supply of water in it and it is said to give an unfailing supply.

5. The ground attached to the property measures 8866 feet or ⅕ acre

112/N

the value of this must increase from year to year.

6. The value of the property is approximately

Land	———	Rs 300
Compound wall	——	" 150
Well	———	" 140
Buildings	———	" 2200
	Total	2790.

7. The accommodation available compares with that authorised as follows:

Authorised.

Dwelling rooms.	16×16 16×10 16×10	} 576 sq feet exclusive of Verandahs with Servants offices. Kitchen Stable and latrine.

Available

In Main building

	22×14	
	14×14	
	14×6½	1044 sq feet
	20×15½	
	15½×9	

Detached Building

13½×12 } 324 sq feet.
13½×12 }

with out buildings, Kitchens store-rooms, a latrine and a fuel house.

8. There is no Stabling.

9. As the main building contains ample accommodation the Eastern end room of the detached building can be converted into a Stable while the adjoining room can be conveniently used as an Armoury if as I presume an Armoury is required.
