P. W. Court: again observed that there was no pressing need to build a Court as a rented building was available and that the requisite experience had not been gained. The High Court is still of opinion that it is not necessary to build a Court at Gudivada.

2. In the circumstances stated, I am directed to request that the Government may be pleased to direct that the item, namely, District Munsifs' Court at Gudivada, be eliminated from the final issue of the Budget estimates of civil works for this year.

PROCEEDINGS OF THE MADRAS GOVERNMENT.

Read the following paper:—

From the Registrar of the High Court of
Judicature, Appellate Side, Madras of 11th April 1894,
No. 1128.

With reference to Item No. 38 against Law
and Justice in the list of B class works in Part-1
of the Final Issue of Budget estimates of Provincial
Civil Works for 1893-94 which has been repeated as
Item No. 48 against Law and Justice in the
corresponding list in the Preliminary Issue of Budget-
estimates for the current year, I am directed to state
that the District Munsif's Court at Gudivada in
the Krishna District is one of the six Courts established
in 1892 and that when the District Judge, Krishna
requested in January of that year that Government
might be moved to allot funds for the erection of a
building for the new Court, the High Court declined
to accede to the request until experience had shown that
Gudivada was the most suitable locality for the Court.
Subsequently in February 1893, the District Judge
forwarded plans and estimates for a Court-house pre-
pared by the Public Works Department and the High
Court

4. Possibly it may be found necessary
to maintain two subdivisions as at
present - at any rate, until this
question is definitely and finally
settled it would be injudicious to
sell the bungalow at Gudinada.
