G.O. 22 May 1894 No 12804

Chepak Park

Order approving of the
portion of the land
south of the Cicket
ground in the being
given up to the College
of Engineering for use
as a recreation ground
by the Students.

80
14

(The Hon: the Chief
Secretary for
of counterintelligence)

by removing the trees on it would make a very useful recreation ground. But the triangular piece applied for by Major Love is intended for the new Hostel and cannot therefore be given up for the College of Engineering. In any case it would be of no use for either football or cricket, as the road spoils it for these purposes.

2. It must be remembered that in all probability a good many of the Engineering College

students will be inmates of the Hostel, and so at liberty to use the cricket ground to be formed on the site of the old fishing village.

The Consulting Architect pointed out
the ground coloured red & blue to us
when we looked round this part of the
land round Chepstow as being very
desirable for the use of the Engineering
College - and we approved of his
suggestion. This lies immediately to
the south of the cricket ground, and by
removing the trees on it would make
a very useful recreation ground. But
the triangular piece is meant for the
new Hostel, & therefore cannot be given
up to Major Lane. Even if it were, it
would be no use for either football
or cricket, as the road spoils it
for this purpose.

No. 193 d/23 April 1894

To

D. W.

P. B.

The only portion of the
Chapakk ground that can
be allotted to the Engineering
College for recreation ground
is that coloured red & blue on
plan No. 2. I have reason to believe
but am not at liberty to state
for what purpose, that the whole
of the ground along the Buckingham
Canal between it and the
diagonal road which passes the
Gosha Hospital through the
Park to Pycroft's road is required
by Government and I am not
aware that any portion of the
Chapakk Park has been given
to the Presidency College for
recreation purposes.

of Engineering compares unfavourably with that to the Presidency College. The latter College already possesses a fair piece of ground on the east side of the canal, and is now to receive the ground on the west side up to the broken red line in the accompanying plan marked No 3 enclosed. The College of Engineering is rapidly expanding, and it seems very desirable that it should be provided with ample recreation grounds.

3. I hope therefore that it may be found possible to include a portion of the triangular space alluded to by the Consulting Architect, viz the portion cross-hatched in red ink on the accompanying plan No 3. The College ground will then have less area than I originally proposed, but, although traversed by a road, it will be rectangular and compact in form. The Consulting Architect states

8. P/S
states that the triangular portion may be required for another purpose. Possibly that purpose could be secured by pushing the proposed northern boundary of the Presidency College ground somewhat further to the south.

4. The ground allotted to the College will it is hoped be levelled as well as cleared.

I have the honour to be,
Sir,
Your most obedient servant,
H. S. Major, R.E.,
Principal.

From

THE HONOURABLE A. MONRO, M.A., B.C.L.,

ACTING DIRECTOR OF PUBLIC INSTRUCTION,

Madras,

To

THE HONOURABLE THE CHIEF SECRETARY TO GOVERNMENT,

FORT ST. GEORGE.

SIR,

In returning endorsement No 793 C.O. Public Works Department, dated 21st February last, forwarded under Educational, No 392 of the 27th idem, I have the honour to submit, in original, a letter from the Principal, College of Engineering, and to request that the space required by Major Love for foot-ball practice, may be allowed, for the use of the College.

I have the honour to be,
Sir,

Yours most Obedient Servant,

Almonro

Acting Director of Public Instruction

recommend being given, on it are
some mango and cocoanut trees
which would have to be cleared
away. ^{their} This removal would not
I think injure the appearance
of the Park.

His Excellency the Governor and
Members of Council this morning
visited the park and I mentioned
to them the requirements of the
College. I do not see how the
triangular portion between the
road and the canal can be given
to the College as I believe that it
may be required for other purposes
and therefore recommend that this
portion be refused.

I have the honor to be
