PUBLIC WORKS DEPARTMENT.

DOWLAISHWERAM, 26th April 1894.

Certificates

SIR,

I have the honor to bring to your notice

that in the proposition statement submitted
with my letter No 457 W. dated the 20th October
1893, and sanctioned in G.O. No 181 W. of 20-1-94
the 13 lascars in the Vizagapatam Division
were entered as being men under 20 years
service, but the Executive Engineer Vizag-
apatam Division now reports that among
the 13 lascars there is one named Pitta
Bangari whose permanent service in the
Department appears to be 24 years & 8 months
upto 14th July 1893, from which month the
above lascars have been transferred to work
Establishment. As the service of this
Lascar was not properly calculated by
the Engineer, he was not entered in
the proposed scale, in the above quoted proposition
statement, I therefore now request that you

* The Service books
show that from
the 15th July 1893, the
Lascar has been
brought on the
W. K. Establishment

Go. No. 1303 W. of 15 May 1893 and to his
service from 1 September 1866 to end
of August 1872 being entered in the
Service book.

1st September 1866 to end of August 1872 when he was thrown out of employment owing to the abolition of the Golconda Range. He was again employed in the then newly formed Golconda Division as a lascar on the permanent Establishment on 1st November 1874; consequently he has put in a total service of ²⁴⁻⁸⁻¹² yrs m d upto 14 July 1893 as shown in the margin.

(3) In 1883, the lascar having presented a petition* to the then Executive Engineer, Vizagapatam Division, through Ellamanchili Sub Divisional Officer, praying that his service prior to the abolition of the late Golconda Range might be included in the Service book, the Executive Engineer stated in his letter No. 795 of 18 July 1883 to the Sub Division Officer that there was no records to enable him to verify the services of those employed in the late Golconda Range previous^{to} 1871 and therefore requested to obtain and send the original certificates said to have been granted by late Mr. Laskey

x now found

Laskey and an affidavit prescribed in Section 127 Rule 5 of the Civil Revision Code. The Sub Divisional Officer accordingly obtained from the lascar the above papers and forwarded the same to the Executive Engineer, the latter merely ordered the Affidavit and copies of certificates to be attached to the Service book without taking any further action in the matter.

(4) Had a little trouble been taken in 1883, in instituting a search for the necessary records, the books of office copies of the acquittance Rolls of the late Golconda Range would have been found then and the necessary information obtained to verify the service of the lascar from 1866 to 1872 and this reference and delay saved

5. Under ^{the} these circumstances I request that that you will be good enough to obtain sanction of Govt to the lascar being continued on the permanent Establishment under

Letter from the Executive Engineer,
Vizagapatam Division, No. 142/20 Apl: 94.

In forwarding herewith
the service book (together with 3 en-
- closures viz 2 Copies of certificates and
1 original affidavit) of Niranikam
lascar Pitta Bangari transferred to
work Establishment in July 1893 under
G.O. No. 840 W of 28/3/93, I have the honour
to inform you that from the service
book, the lascar appears to have been
appointed to the Department only on
1 November 1874 whereas it is apparent
from the copies of the certificates and
the office copies of the acq. Rolls of the
late Golconda Range recorded in
this office that he was on the per-
- manent Establishment prior to
that date

(21) From the above document
it must be concluded that the
lascar was on the permanent Es-
- tablishment of the Department from
