Provision has been made in the estimate for running & re-running the latrine adjacent to the north compound wall. The design for this latrine has not been submitted.

The scabblings for roof timbers, as shown in the plan, are correct.

The rates are fair.

The foundations are proposed to be laid partly with concrete & partly with bricks in mortar. If concrete be used throughout to ground level, the amount of the estimate will be increased by Rs 90.

The plan & estimate have been countersigned by the Commissioner of Police & approved in the Judicial Dept.

the plan & estimates amount-
ing to Rs 2654 for addi-
tions to B/III Police
Station at Royapuram

W.

In Madras, where
first-rate supervision can be
obtained, perhaps credit
to ground level need not
be rigorously insisted on.
In the case of section on AB
however it may be noticed
that the concrete of the
port wall foundation is
but 3 feet wide though the
superincumbent masonry is
1'-11". This gives a bearing
of only 6 1/2" on each side
which seems little considering
the masonry wall to be
carried, including masonry
in foundations, brickwork
& superstructure, is 7'-5 1/2"
high - it
should be a design for the
lotline - provided for in the
estimate - have been submitted?

From the Judicial Department

NOTE BY TECHNICAL SECTION.

Name of work Intending to improve W.
B/3 Police Station at Royapuram.
Amount of estimate Rs 2654

The estimate under review has
been framed with reference to
G.O. No. 1859 w dated 18 July 1893
& provides for extending & im-
proving W. B/3 Police Station house
at Royapuram, Madras.

The existing two rooms are
to be altered by having the
doors & windows removed &
refined, as shown on plan, so
as to provide accommodation
for the Station House Officer &
Constables.

The extension to be made to
the south of the existing build-
ing by erecting two rooms, one
26'9" x 14'6" & another 14'6" square
with front & side verandahs 6
feet wide, as per plan.
