Correct, but headings in a few instances not entered.	Correct throughout.	Do. ...	This office is in very good order. Very great improvement has been made since last report and satisfactorily throughout. The Superintendent is glad to be able to report most favorably upon this office. The greatest pains have evidently been taken to more than make up for the short-comings noticed in last year's inspection, reflecting great credit upon Major Greatorex, the officer in charge, who now has his office in first-rate order proving himself a very pains-taking, zealous officer. The Superintendent is satisfied that last year's mistakes were in no small degree due to the bad state of health in which Major Greatorex had for some time been, which militated against his giving that full attention necessary for the working of this large and very responsible office and which it would have received, had he been free from mental and physical discomfort. The Superintendent thinks it is only due to that officer to place this upon record.

The Superintendent is satisfied that last year's mistakes were in no small degree due to the bad state of health in which Major Greatorex had for some time been, which militated against his giving that full attention necessary for the working of this large and very responsible office and which it would have received, had he been free from mental and physical discomfort. The Superintendent thinks it is only due to that officer to place this upon record.
