cop

Reference to P. W. D. Code.

Chapter I, para. 30.

PROVINCE.

Part II.

Tabular Statement to accompany
proposals for changes in establishments.

1. All proposals for changes in the scales of permanent establishments must be accompanied by a statement in Part I of this form when the changes relate to the engineer or upper subordinate establishments and in other cases by a statement in Part II of this form.

2. The column headed "present scale" should invariably show the existing sanctioned scale (not the strength of the establishment as it actually stands at the time), and should be verified by the Examiner before the statements are forwarded to the sanctioning authority.

P.W. Department

No. 353.

Chingleput Division Office

3 May 1894

From

F. J. Wilson Esquire

Executive Engineer

Chingleput Division.

To,

The Superintending Engineer

(Circle).

Sir,

In reply to your No. $\frac{148 \text{ cu}}{26-4-94}$ I have the honor to inform you that the Surveyor took levels for and plotted and inked in a length of 55 miles of longitudinal section and took and plotted 727 cross sections. The Sule Dist. Officer informed me that there was some difficulty in connecting the levels now taken with the former levels taken some years ago and hence it was necessary to take continuous levels throughout the length of the river banks under consideration.

I have &c

(Signed) F. J. Wilson

Executive Engineer
