READ—letter from the Collector of Trichinopoly, dated 31st March 1894, Dis. No. 962-Rev.

ABSTRACT.—Submitting programme of famine relief works for 1894-95.

RESOLUTION—dated 23rd April 1894, No. 167.

The abstract of the programme of famine relief works for 1894-95 submitted by the Collector of Trichinopoly will be submitted for the information of Government.

2. The programme contains provision for the construction of 8 new irrigation works at a cost of 39 lakh and for repairs to existing works at 4.19 lakhs; of forest fencing works to cost 68 lakh; the construction of 588 miles of new roads at a cost of 2.19 lakhs, and repairs to old roads 8.03 lakhs and other miscellaneous works to cost 9.06 lakhs. The last item includes a very large amount (2.92 lakhs) for works calculated to improve the supply of drinking-water, chiefly well-sinking and the improvement of existing wells, and land improvements to be carried out by the aid of State loans (1.02 lakh). The total provision amounts to Rs. 24,55,424, and the works are estimated by the Collector to be sufficient to provide employment for three months for nearly 23 per cent. of the total population of the district. The provision made is generally adequate. As in the previous year's programme, however, the provision for land improvement works to be executed by the aid of loans in Trichinopoly and Udaiyarpalaiyam is inadequate.

3. Detailed estimates are stated to be ready for works costing Rs. 11,30,638 or 48 per cent. of the total provision.

4. It is presumed that the Forest Department has been consulted with reference to the forest works and that the clearance of silt from certain channels, for which large sums are included in the programme, has been entered after reference to the Public Works Department.
