There is no information in this office beyond that contained in the S. E.'s letter.

The draft may perhaps be altered as follows.

"The Collector's proposal is sanctioned on the understanding that it has been approved by the Taluk Board —

and the draft thus altered sent back for counter initials in the L & M Dept."

10. I concur if the Collector's approval is not sufficient. But as the Collector is an officer President of the District Board to which the Taluk Board is subject, further approval seems unnecessary, for it is impossible that he would disapprove as President of what he had approved as Collector.
