To arrive at the capital cost, the value of the existing building should be estimated, and the cost of the proposed improvements should be added. The prescribed allowance for establishment and tools and plant should be calculated on the estimated cost of the improvements only, and the value of the site should be ascertained and included.

Proceedings in the Judl Dept. Rc. No. 1236. dt 22-5-94

Communicated to the Supdg Engr VI circle for submission of the requisite plans and estimates and for report whether the plan suggested by the Insp. General of Police is a suitable one.

2. In submitting the estimate, the Supdg Engr will enclose a statement giving data for the calculation of the rent of the building in accordance with the rules in para 28, Chapter XI P.W. Code.

To

(40—2,000-22-3-94)

the District in March 1888, could find no suitable bungalow to live in and was driven by force of circumstances to claim the above building again from the Public Works Department in December 1888 and since then he has been occupying it. Despite the improvements made to it at his own cost, the accommodation afforded is miserable in the extreme, so much so that there is no office-room, store-room or godown. He therefore proposes that these additional rooms be provided and that an upper storey with a hall and two bath rooms be added at a probable cost of Rs 5080, in view to adapt the building as a permanent residence for the Superintendent of the District.

4. I fully approve of the Superintendents proposal. This house is the only one available for him house accommodation being very limited at Palamcottah. Plans shewing the building in its present state with the proposed improvements are herewith submitted for reference. The rent will be considerably increased if the improvements are carried out.

PROCEEDINGS OF THE MADRAS GOVERNMENT.

READ the following papers:—

From the Inspector General of Police, Madras, dated 1st May 1894, N-2406.

I have the honour to bring to the notice of Government the necessity for improving the residence of the Superintendent of Police, at Palamcottah, Tinnevelly District.

2. The above building — the late Sergeants quarters — was transferred to this Department under Lr. S. N-2995 Mis: dated 15th November 1883, J.D., for the use of the Reserve Inspector. The Reserve Inspector, however, declined to live in it on account of its dirty condition and lonely situation preferring to rent a private building in the town. The building was then conditionally made over to the Public Works Department in August 1888.
