Journal

From the beginning of time
it had been the custom of the
people of the world to be
of one religion. But now
there are many religions
and the people are divided.

It is the duty of the
people to be united
and to follow the
same religion. This
is the only way
to peace and
happiness.

The people of the world
are divided into many
different religions.

RESOLUTION—dated 2nd May 1894, No. 177.

The abstract of the programme of famine-relief works for 1894-95 received from the Collector of Anantapur will be submitted for the information of Government.

2. The programme provides for the construction of a new irrigation work, viz., a tank in Tadpatri taluk, at a cost of 41 lakh, and repairs to existing works, 2.93 lakhs; the construction of 60 miles of new roads to cost 87 lakh and repairs to old roads 6.30 lakhs, and miscellaneous works to cost 86 lakh. The last item includes 66 lakh provided for land improvements to be carried out by the aid of State loans. The total provision amounts to Rs. 11,36,932 and the works are estimated to be sufficient to provide employment during three months for 21 per cent. of the total population of the district. The provision made is generally adequate.

3. Estimates are reported to be ready for works to cost Rs. 7,12,592 or 66.5 per cent. of the total provision exclusive of the land improvements.

4. Under the latter heading, the provision made in several taluks is small and might, the Board considers, be increased. Statement B further shows that adequate provision for the repair of existing irrigation works that require repair has not been made. The rules direct that attention should, in the first place, always be given to irrigation works as relief works.

5. The following discrepancies are noted in the statements:—

(1) The provision made for land improvements in Tadpatri taluk is entered as Rs. 1,100 in statement A, while it is shown as Rs. 1,110 in Form C. The correct figure should be reported.

(2) In column 3 of Form (C), the Collector has entered the population actually provided for instead of 20 per cent. of the total population in column 2 (*vide* paragraph 2 of Board's Proceedings, No. 411, dated 7th June 1892). The necessary corrections have been made in the Board's office.

(True Copies and Extract.)

PROCEEDINGS OF THE BOARD OF REVENUE
(REVENUE SETTLEMENT, LAND RECORDS AND AGRICULTURE).

READ—the following letter from K. C. MANAVEDAN RAJAH, Esq., Acting Collector of Anantapur, to the Secretary to the Commissioner of Revenue, Settlement, Land Records and Agriculture, dated Anantapur, 11th April 1894, Disposal No. 1126:—

I have the honour to submit herewith the programme of famine-relief works for 1894-95 in forms A, B, and C, prescribed in Board's Proceedings, No. 411, dated 7th June 1892.

2. Provision has not been made for forest-fencing works and for the construction of a new tank in Potulakunta village, Penukonda taluk, as directed in Board's Proceedings, No. 231, Press, dated 13th June 1893, and No. 5160, Mis., dated 28th August 1893, respectively. But the construction of a new tank at Pinnapalli, Tadpatri taluk, has been included in the programme.

3. The delay in the submission of the programme is due to the late receipt of information from the President, District Board, and the Chairman of Anantapur Municipality, *i.e.*, on the 2nd and 3rd instant respectively.
