No. 55. From Colonel G. SIMPSON, for Quarter Master General, Madras Army, to Brigdr.-Genl. H. R. HOPE, Secretary to Government, Military Department; dated Ootacamund, 14th February 1894, No. 250-M.W. (Pay and Allowances—Volunteers).

Submitted for favour of the orders of Government.

From Lieutenant-Colonel W. L. GREENSTREET, R.E., Chief Engineer, Madras Command, Military Works, to the Quarter Master General, Madras Army; dated Ootacamund, 6th February 1894, No. 751.

In returning, herewith, as requested, your No. 138-M.W., dated 24th January 1894, I have the honor to point out that the orders of the Government of Madras, Military Department, No. 8582, dated 27th December 1893, therewith forwarded are at variance with the previous orders of the Government of India, No. 1340-M.W., dated 13th May 1892, and Proceedings of Government, No. 1758-W., Public Works, dated 13th June 1892, by which charges for compensation for quarters of Military subordinates at stations not in the charge of the Military Works Department are to be debited to the Military Works grant at the disposal of the local Governments.

2. It appears to me, therefore, that the meaning of this order under reference is that the compensation due to the sergeant instructor of the Mysore Company, Bangalore Rifle Volunteers, should be paid by the Military Accounts Department and charged to the Military Works grant at the disposal of the Government of Madras, and not to the Military Works Department.

3. It is probable that, for the word "Department" in the expression "charged to the Military Works Department" should be substituted "grant at the disposal of the Madras Government." Will you kindly find out and let me know if this is the case?

ORDER—dated 13th June 1894, No. 1467 W., Public Works.

In paragraph 8 of his report, dated 1st December 1893, No. T. 119, recorded in Proceedings of the Local and Municipal Department, dated 16th January 1894, No. 37 M.,* the Sanitary Engineer stated that if the head works of the Trichinopoly water-supply project were removed from the site on which they were then located, it would cause a delay of one year in completing the water-works. The change of site has been ordered in the Government Order quoted above and a revised estimate for the water-supply scheme was sanctioned in March last—*vide* G.O., dated 28th March 1894, No. 384 M., Local and Municipal.† It thus appears that the water-works will be completed only about the beginning of the next official year. No contribution towards their maintenance is therefore necessary for 1894-95. The sum provided for the purpose in the current year's Military Works Budget under "Repairs, Trichinopoly division," viz., Rs. 1,327, is accordingly resumed and credited to the reserve under "Military Repairs."
