No. 790 & dated 8th March 1894 and to
allow me to draw my Indian pay
from 27th October is the date on which
I should have left England had I
availed myself of the passage
provided by the Government.

and that I would be required to leave England about the end of October 1893.

2^d - That if I availed myself of the passage furnished me, and provided I arrived in India within 2 months of the date of embarkation my salary would commence from that date, otherwise it would commence from the date of my arrival in India.

II When I was granted leave to go to Mauritius first, and then to India, no fixed date was given me about the time I should start but simply that I should have to be in India within 2 months of the end of October 1893.

* Letter from India Office mislaid.

III. I beg to say that I had no boat from Mauritius to India during the month of November except one starting on the 10th and that by Aden and Bombay.

A British India boat was to start

start on the 8th December and reach Madras on the 20th. I had thus taken every precaution to arrive in India in time.

Instead of starting on the 8th the British India boat only started on the 15th. By using the utmost diligence I arrived in Madras on 1st January in the morning, thus arriving by the end of December, within a few hours.

The other Assistant Engineers of my batch left England on the 27th October and thus the period of two months within which they were bound to arrive ended on 27th December i.e. during the gazetted Christmas Holidays and under para 254 of the Civil Service Regulations it would seem that I should be considered to have reported my arrival on the due date. I have the honor to request therefore that the Government of India may

with the usages and regulations of the public service

In the event of your being Compelled by ill health, certified to the satisfaction of Government, to quit the service of the Government of India within the period of two years from the date of your first appointment to the service, you will be furnished with a first class passage back to England at the public expense, provided that you avail yourself of it within three calendar months of your leaving Government employment.
