hall with a bed room ^{2 office room} on each side.

3. The advantages of the house are that it is conveniently situated, the ground around it is well planted with trees and there is a good well. Taking everything into consideration, I am strongly of opinion that the building should be retained as the residence of the Bdg Engineer.

4. I did not arrive at Berwada until the 2nd Instant, having been on tour in the Bellary Dist. otherwise I would have sent in this report earlier.

5. The office of the Krishna Northern Dist is now located in the old Ancient Office, and I think it would be advisable to continue this arrangement for the present.

I have the honor to be,
Sir,
Your most obedient servant,

W. B. B. B. Major R. G.

Superintendent,
Bellary Dist.
Chile.

No. 501 HS

Superintending Engineer's Office,

Bengaluru

II CIRCLE,

Dated 6th June 1894.

From,

Major W. L. C. Baddeley Esquire,

Superintending Engineer,

II Circle.

To,

The Chief Engineer,
Public Works Dept.
Madras.

Sir,

In reference to G. O. 1038 W. D. of 23. 4. 94, I have the honor to inform you that plans and estimates for constructing a residence for the Engineer, District Northern Division, will be submitted in a few days.

2. I do not approve of the proposals to put the office of the Supg Engineer into the house now occupied by the Supg Engineer, and provide his office for the Northern Division. The house is certainly not as conveniently designed as it might have been and the want of a proper basement is an objection; the rent also is very high for the accommodation afforded, which is merely one large hall
