Recorded.
2. A copy of the above proceedings should have been
communicated to the Commissioners of Land Revenue
with special reference to para 3.

(True Extract.)

W. S. P. S.
for Under Secretary to Government.

To the Commissioner of Revenue Settlement &c
" P. W. Dept. ✓
" L & M. Dept.
" Commissioner of Land Revenue.

RESOLUTION—dated 2nd May 1894, No. 178.

The abstract of the programme of famine relief works for 1894-95 received from the Collector of Kurnool will be submitted for the information of Government.

2. The programme includes provision for the construction of two new irrigation works to cost 7.11 lakhs; one of these is noted as the "Velgode project" to cost Rs. 3,00,000, but it is not clear whether the project is in a forward state of preparation, or could be relied upon as an available relief work. The Chief Engineer for Irrigation will be requested to inform the Board on this point. For repairs to existing works 2.10 lakhs are entered; for forest-fencing works 2.49 lakhs; repairs to roads 6.82 lakhs; works for improving the supply of drinking water .94 lakh, and other miscellaneous works 4.49 lakhs. The last item includes a provision of 2.05 lakhs for land improvements to be executed by the aid of State loans and also Rs. 56,024 for street improvements in Nandyal town, but in the latter case it is not clear whether the sum noted is for works alone. This should be reported.

3. The total provision amounts to Rs. 23,94,642 and the works are said to be sufficient to provide employment for three months to 39.2 per cent. of the total population of the district. As regards forest-fencing works shown in the programme the attention of the Collector will be drawn to the remarks by the Conservator of Forests, Northern Circle, made in the second letter read above. On another occasion the Conservator should be consulted before the programme is submitted.

4. Estimates are reported to be ready for works costing Rs. 5,88,084, or only 27 per cent. of the total provision excluding land improvements. They have not been prepared for any of the large works in Pattikonda and Ramallakot taluks. This should receive early attention.

5. The following discrepancies are noticed in the statements received from the Collector:—

(1) The numbers of works entered in statement A do not in many cases correspond with those shown in form C.

(2) The entries in column 5 against Koilkuntla and in column 6 against Cumbum in form C should apparently be 7,001 and 6,667 instead of 7,007 and 667. The necessary corrections should be carried out in the Collector's copies.

(3) The sums provided for the construction of the two new irrigation works are erroneously included in statement B, which should only exhibit the provision made for the repair of existing irrigation works.

(True Copies and Extract.)

(Signed) P. RAJARATNA MUDALIAR,
Secretary.

To the Secretary to Government, Revenue Department.

PROCEEDINGS OF THE BOARD OF REVENUE
(REVENUE SETTLEMENT, LAND RECORDS AND AGRICULTURE).

READ—the following letter from C. M. MULLALY, Esq., Acting Collector of Kurnool, to the Conservator of Forests, Northern Circle, dated Kurnool, 10th April 1894, No. 674-Eng.:—

Agreeably to the orders contained in rule 10 of Board's Proceedings, No. 411, dated 7th June 1892 (Revenue Settlement, Land Records and Agriculture), I have the honour to forward copy of famine programme works furnished by the District Forest-officer.

Endorsement by A. W. PEET, Esq., Conservator of Forests, Northern Circle, dated Waltair, 19th April 1894, No. 185.

All the proposed works are useful; but I would subordinate stone wall-fencing to demarcation and road-making. The tramway question is too uncertain for definite proposals.

4 BOARD OF REVENUE (REV. SETT., L. RDS. AND AGRI.), 2ND MAY 1894, No. 178.

RESOLUTION—dated 2nd May 1894, No. 178.

The abstract of the programme of famine relief works for 1894-95 received from the Collector of Kurnool will be submitted for the information of Government.

2. The programme includes provision for the construction of two new irrigation works to cost 7.11 lakhs; one of these is noted as the "Velgode project" to cost Rs. 3,00,000, but it is not clear whether the project is in a forward state of preparation, or could be relied upon as an available relief work. The Chief Engineer for Irrigation will be requested to inform the Board on this point. For repairs to existing works 2.10 lakhs are entered; for forest-fencing works 2.49 lakhs; repairs to roads 6.82 lakhs; works for improving the supply of drinking water .94 lakh, and other miscellaneous works 4.49 lakhs. The last item includes a provision of 2.05 lakhs for land improvements to be executed by the aid of State loans and also Rs. 56,024 for street improvements in Nandyal town, but in the latter case it is not clear whether the sum noted is for works alone. This should be reported.

3. The total provision amounts to Rs. 23,94,642 and the works are said to be sufficient to provide employment for three months to 39.2 per cent. of the total population of the district. As regards forest-fencing works shown in the programme the attention of the Collector will be drawn to the remarks by the Conservator of Forests, Northern Circle, made in the second letter read above. On another occasion the Conservator should be consulted before the programme is submitted.

4. Estimates are reported to be ready for works costing Rs. 5,88,084, or only 27 per cent. of the total provision excluding land improvements. They have not been prepared for any of the large works in Pattikonda and Ramallakot taluks. This should receive early attention.

5. The following discrepancies are noticed in the statements received from the Collector:—

(1) The numbers of works entered in statement A do not in many cases correspond with those shown in form C.

(2) The entries in column 5 against Koilkuntla and in column 6 against Cumbum in form C should apparently be 7,001 and 6,667 instead of 7,007 and 667. The necessary corrections should be carried out in the Collector's copies.

(3) The sums provided for the construction of the two new irrigation works are erroneously included in statement B, which should only exhibit the provision made for the repair of existing irrigation works.
