From Colonel G. SIMPSON *for* Quarter Master General, Madras Army to the Secretary to Government, Public Works Department, dated Ootacamund, 29th November 1893, No. 2174 M.W.

In acknowledging receipt of your letter No. 3843 C. of the 17th instant, I am desired in reply to say that the Commander-in-Chief recommends that the sum of Rs. 12,180 available for the execution of Major Original Works at Public Works stations in this Presidency during the ensuing financial year be distributed in the following manner :—

2. As regards the armoury, magazine, &c., which form part of the project for providing quarters for the Sergeant Instructor at Nellore, I am, with reference to paragraph 3 of G.O., Public Works Department No. 2426 W. of 22nd September 1893, to solicit that the Government of India may be addressed in order that an allotment may be secured for this purpose from the amount to be reserved for distribution to this class of buildings in 1894–95.

15-16 T2

ORDER—dated 8th January 1894, No. 15 W., Public Works.

In the resolution recorded above, the Government of India has assigned a provisional grant of Rs. 85,000 for expenditure during the year 1894–95 on Military Works at stations in charge of the Public Works Department. The amount will be distributed under departmental heads as shown below :—

	Rs.
Works	68,180
Establishment	15,800
Tools and plant	1,020
Total ...	85,000

2. Of the sum of Rs. 68,180 available for "Works," Rs. 50,000 have been set apart for "Repairs" and Rs. 6,000 for "Minor Works," leaving Rs. 12,180 for allotment to "Major Original Works." The detailed distribution of the last mentioned amount has been made in accordance with the proposals of His Excellency the Commander-in-Chief.

3. No provision has been made for Ordnance and Commissariat works as the heads of those departments have not brought forward any works for execution.

4. The following works, though omitted from the schedule submitted by the Quarter Master General with his letter No. 1667 M.W.,* dated 6th September 1893, have been brought forward by the Superintending Engineer, IV Circle, in his budget estimate for 1894–95. The Quarter Master General will be requested in the Military Department to report whether His Excellency the Commander-in-Chief considers the works to be necessary. There is no money available for them next year, but if they are to be carried out ultimately, they may be included under class C.

* G.O. No. 2426 W., dated 22nd September 1893.

(*a*) Constructing sepoys' lines at Quilon.
(*b*) Do. do. at Trichur.

5. The works noted in the margin appertaining to the Commissariat department have been brought forward by the Superintending Engineer, IV Circle, for inclusion in the budget. The attention of that officer is drawn to paragraph 19 A., chapter XV, volume II of the Public Works Code, from which he will observe that proposals for works of the Commissariat department ought to be made by the head of that department direct to the Government of India.

(*a*) Constructing transport followers' huts at Calicut.
(*b*) Constructing transport followers' huts at Malapparam.

6. The grant of Rs. 6,000 provided for "Minor works" will be placed by the Military department at the disposal † of officers commanding divisions and districts, to whom Superintending Engineers will apply for funds required for incomplete and new works under that head. In the case of Ordnance and Commissariat minor works, application for funds should be made to the Director-General of Military Works through the head of the department concerned—*vide* G.O. No. 2322 W., dated 10th October 1892.

† G.O. No. 3516 W., dated 23rd Dec. 1892.

7. The sum of Rs. 50,000 provided for "Repairs" has been distributed to divisions in part II of the budget. The annual maintenance charge of Rs. 1,327 payable by Government for the Trichinopoly water-supply has been included in the lump sum allotment to the Trichinopoly division—*vide* G.O. No. 2830 W., dated 4th November 1893.

8. The budget estimate of Revenue for 1893–94 was fixed at Rs. 2,000. The revised estimate was increased to Rupees 2,400 ‡ on consideration of the actuals during the first five months of the year.

‡ Letter to the Government of India, No. 2703 W., dated 24th October 1893.

9. The difference between the budget and the revised estimate of charges for 1893–94 is due to the surrender of the following amounts to the Government of India :—

(*a*) Rupees 3,978, being the grant for the Sergeant Instructor's quarters at Cuddalore.

(*b*) Rupees 730, being the allotment provided in excess of requirement for the Trichinopoly water-works.

10. With reference to paragraph 2 of the Quartermaster-General's letter, the attention of the Government of India will be invited to the request already made * to provide a sum of Rs. 3,750 for the construction of armoury, magazine and office room for the South Indian Railway Volunteers at Nellore from the grant-in-aid to be reserved for that class of buildings in 1894–95.

* *Vide* paragraph 3 of G.O., No. 2436 W., 22nd September 1893.

11. With these remarks, the preliminary issue of the Military Works budget estimate for 1894–95 will be printed and circulated to the officers concerned for information and guidance and four copies will be forwarded to the Government of India, Military Department.
