no reasons have been given in support of the Collectors' request for the provision of iron racks in the present case, the item will be expunged, and wooden record racks will be inserted in the estimate, whereby a saving of Rs: 3,000 will be effected. Pad locks, not being fixtures, cannot be supplied by the P.W. Dept. under para 2 Chapter XI, P.W. Code, and the provision of Rs 180 will be eliminated. The estimate as thus cor= =rected amounts to Rs: 27,420 and is sanctioned for exe= =cution when funds are available.

2. The Revenue Board's suggestion that the pro= =posed extra door to the Stationary Sub Magistrates private

private room be omitted, and that one be provided between the Cashier's and clerk's rooms, will be given effect to. No extra expense will be involved.

3. This sanction has been registered as Provincial No: 24 W. of 1894-95, and classified as Civil Buildings Original Works.

With regard to the provision of iron record racks in lieu of wooden racks, it will be observed from the reports accompanying the estimate that the provision was at the instance of the Collector but in G.O. No. 2032 W dated 29th July 1889, it is laid down that iron record racks were not intended for taluq records, consequently the racks estimated for may be exchanged for wooden racks of the same dimensions 6'x2'6"x9'11" as per type design circulated with G.O. No. 802 W dated 19th March 1891 substituting by this a saving of Rs 3000 will be effected.

The provision for 10 Chubbs pad locks does not appear to be a P.W. charge, as pad locks do not come under fittings, vide para 2 Chap XI of the Code. If pad locks are required they should be provided by the Office concerned for whom the building is erected. Mortice locks with handles may be fitted to doors instead of padlocks.

Plastering or Pointing The interior of the building is to be plastered with 2 coats of Chunam & the exterior pointed with cutcki mortar.

Flooring In the of slate stones laid on 4" of concrete & pointed with Portland cement except the record room which is to be asphalted 3/4" thick over 4" of concrete.

Roofing is to be of Mont & pan tiles laid on teak rafters including mortar bands complete.

Doors and Windows are to be of teak & the doors & shutters noted in the estimate & painted with 3 coats of Cassels Pale paint.

Roof timbers are to be teakwood & varnished 2 coats.

Scantlings are correct.

Rates as far as can be checked are fair.

The plinth area of the main building is 10,793 square feet, and the cost per square foot will be Rs. 2.2.5.

The plans and estimates have been countersigned by the Collector of Vizagapatam and approved in the Revenue Dept with the Department remarks that the provision of Rs 4200 under new record rooms in lieu of wooden ones sanctioned in G.O. No. 2032 M dated 29th July 1889 should be considered in this Dept as to whether this modification should stand, also to the modification proposed by the Board of Revenue viz the provision of a door between the Cashier's & clerks' rooms.

Remarks

This estimate has been framed with reference to G.O. No. 1722 M dated 9th June 1892 & provides for Constructing a First Class Taluq Office with outstanding buildings at Palkonda in the Vizagapatam District.

The estimate for the main building has been based on the type design circulated with G.O. No. 3023 M dated 11th Novr. 1891, titled roofing, the cook house as per design circulated with G.O. No. 1404 M dated 25th March 1889 & the latrine, somewhat similar to design No. 2 circulated with G.O. No. 3050 M dated 8th Novr. 92.

Provision has been made in the estimate for inserting a door leading from the Sub Magistrates Court into his private room & for 24 iron reed racks at the request of the Collector also for 10 Chumbu brass 4" padlocks at a total cost of Rs 180.

The Board of Revenue in its resolution does not consider the door between the Sub Magistrates Court & his private room necessary but suggest the advisability of a door between the Cashiers room & the clerks' rooms. This suggestion will not alter the amount of the estimate as the proposed door in the Sub Magistrates Court can be utilized between the Cashiers & clerks' rooms.

Order—dated 25th June 1894, No. 1572 W., Public Works.

In the estimate amounting to Rs. 30,600 for constructing a taluk office at Palkonda in the Vizagapatam district, provision to the extent of Rs. 4,200 has been made for iron record racks and Rs. 180 for ten Chubbs' padlocks. In G.O., No. 2032 W., dated 29th July 1889, it was decided that iron record racks were unsuitable for taluk records, and as no reasons have been given in support of the Collector's request for the provision of iron racks in the present case, the item will be expunged and wooden record racks will be inserted in the estimate whereby a saving of Rs. 3,000 will be effected. Padlocks not being fixtures cannot be supplied by the Public Works Department under paragraph 2, chapter XI, Public Works Code, and the provision of Rs. 180 will be eliminated. The estimate as thus corrected amounts to Rs. 27,420 and is sanctioned for execution when funds are available.

2. The Revenue Board's suggestion that the proposed extra door to the Stationary Sub-Magistrate's private room be omitted and that one be provided between the cashier's and clerks' rooms will be given effect to. No extra expense will be involved.

3. This sanction has been registered as Provincial No. 24 W. of 1894–95 and classified as Civil Buildings, Original Works.
