PROCEEDINGS OF THE MADRAS GOVERNMENT.

READ the following paper :—

From the Presidency Port Officer, Madras, dated 17th May 1894, n^o. $\frac{1484}{184}$ Q.

With reference to G.O. marine n^o. 170 dated 8th May 1894, I have the honour to point out that what I proposed in ^{my} letter n^o. $\frac{1484}{161}$ Q. of 28th April 1894, was to move the light and mast to site B, and to exhibit the light from the mast-head as at present, not from any building. Quarters for the light keepers are required but in connection with the light itself all that is necessary is to re-erect the mast on the new site.

Order dated 18th June 1894, n^o. 235

The intension of Government was to approve the Presidency Port Officer's proposal. The foregoing letter will be communicated to the Public Works Department in modification of paragraph 1 of G.O. dated 8th May 1894, n^o. 170.

(True Extract)
