PROCEEDINGS OF THE BOARD OF REVENUE
(Revenue Settlement, Land Records and Agriculture).

Read—the following letter from E. TURNER, Esq., Collector of Madura, to the Secretary to the Commissioner of Revenue Settlement and Director of the Department of Land Records and Agriculture, dated Kodaikánal, 14th April 1894, Ref. on Current No. 2946, Rev. Gl. :—

I have the honour to submit the programme of famine relief works in the Madura district for the official year 1894–95 with the necessary statements. It will be seen therefrom that provision is made to the extent of nearly 42 lakhs, composed of the following items :—

	Lakhs.
I. Irrigation works	13½
II. Forests works	1½
III. Roads (new) and repairs	25
IV. Miscellaneous land improvements, &c.	2
Total ...	42

2. The large projects entered under item No. I have all been approved of by Government and have therefore been included. With reference to item No. II, the Conservator of Forests has been consulted and the works therefore find place in the programme. As regards item III the works mentioned in the programme of 1893–94 are repeated with few modifications.

RESOLUTION—dated 16th May 1894, No. 197.

The abstract of the programme of famine relief works for 1894–95, received from the Collector of Madura, will be submitted for the information of Government.

2. The programme contains provision for the construction of eight* new irrigation works at a cost of 9·61 lakhs and repairs to existing works 3·83 lakhs; forest fencing works 1·36 lakhs; the construction of 869 miles of new roads to cost 17·95 lakhs and repairs to existing roads 6·95 lakhs; works for improving the supply of drinking water to cost 1·81 lakhs and land improvement works to be executed by the aid of State loans to cost ·18 lakh. The total provision amounts to Rs. 41,67,724. The works are estimated to be sufficient to provide employment for three months to 20 per cent. of the total population of the district. The proportion provided for is, however, much below the prescribed minimum of 20 per cent. in the Dindigul, Madura and Tirumangalam taluks and in the Zemindari divisions.

	Rs.
* Palni Porandalur project ...	5,00,000
Gullapuram reservoir project ...	3,00,000
Minor projects in Periyakulam (3)	30,000
Periyár channels (3)	1,30,627

3. Estimates are reported to be ready for works costing Rs. 5,35,006 or only 13 per cent. of the total provision, loan works excepted. This is inadequate.

4. No provision for loan works is made in Palni, and in the other taluks the provision is small.

5. It should be clearly stated whether, if constructed, the District Board could maintain the great length of new roads proposed.

6. The following discrepancies are noticed in the statements submitted by the Collector:—

Statement A.—(1) No information is given regarding the preparation of estimates for several of the irrigation projects referred to by the Collector in paragraph 2 of his letter; and unless the projects are in a forward state of preparation they should not have been included as available works in the programme; the correspondence also relating to their sanction has not been quoted, as required by the last clause of rule 9 in Board's Proceedings, No. 411, dated 7th June 1892. These omissions should be supplied.

(2) Several roads in Madura, Tirumangalam, Mélúr and Sivaganga, for the repair of which provision is made in the programme are quoted merely by numbers. They should be fully described by mention of the localities they serve.

Statement B.—The entries in this statement against Madura, Tirumangalam and Dindigul do not correspond with those in column 11 of Form C. This should be explained. A large number of the irrigation works are reported to be out of repair and the repairs have not been provided for in the programme. This should receive early attention.

Form C.—(1) Land improvement works are erroneously shown under works for the improvement of the drinking water-supply instead of under "others" of the miscellaneous works.

(2) The total cost of large works in Dindigul (column 26) and the cost of such works for which estimates are ready (column 28) should respectively be Rs. 70,735 and Rs. 20,743 instead of Rs. 74,097 and Rs. 26,011; a corresponding correction is necessary in the grand total in column 28.

7. The Collector should submit a revised abstract without any delay.

(True Copies and Extract.)

(Signed) P. RAJARATNA MUDALIAR,
Secretary.

To the Secretary to Government, Revenue Department.
„ Collector of Madura.

Exd. A. Grubert.

Famine relief works programme for 1894–95.—Submitting to Government an abstract received from the Collector of Madura.

PROCEEDINGS OF THE BOARD OF REVENUE

(Revenue Settlement, Land Records and Agriculture).

Read—the following letter from E. TURNER, Esq., Collector of Madura, to the Secretary to the Commissioner of Revenue Settlement and Director of the Department of Land Records and Agriculture, dated Kodaikánal, 14th April 1894, Ref. on Current No. 2946, Rev. Gl. :—

I have the honour to submit the programme of famine relief works in the Madura district for the official year 1894–95 with the necessary statements. It will be seen therefrom that provision is made to the extent of nearly 42 lakhs, composed of the following items :—

	Lakhs.
I. Irrigation works	13½
II. Forests works	1½
III. Roads (new) and repairs	25
IV. Miscellaneous land improvements, &c.	2
Total ...	42

2. The large projects entered under item No. I have all been approved of by Government and have therefore been included. With reference to item No. II, the Conservator of Forests has been consulted and the works therefore find place in the programme. As regards item III the works mentioned in the programme of 1893–94 are repeated with few modifications.

RESOLUTION—dated 16th May 1894, No. 197.

The abstract of the programme of famine relief works for 1894–95, received from the Collector of Madura, will be submitted for the information of Government.

2. The programme contains provision for the construction of eight* new irrigation works at a cost of 9·61 lakhs and repairs to existing works 3·83 lakhs; forest fencing works 1·36 lakhs; the construction of 869 miles of new roads to cost 17·95 lakhs and repairs to existing roads 6·95 lakhs; works for improving the supply of drinking water to cost 1·81 lakhs and land improvement works to be executed by the aid of State loans to cost ·18 lakh. The total provision amounts to Rs. 41,67,724. The works are estimated to be sufficient to provide employment for three months to 20 per cent. of the total population of the district. The proportion provided for is, however, much below the prescribed minimum of 20 per cent. in the Dindigul, Madura and Tirumangalam taluks and in the Zemindari divisions.

		Rs.
* Palni Porandalur project	...	5,00,000
Gullapuram reservoir project	...	3,00,000
Minor projects in Periyakulam (3)		30,000
Periyár channels (3)	... ...	1,30,627

3. Estimates are reported to be ready for works costing Rs. 5,35,006 or only 13 per cent. of the total provision, loan works excepted. This is inadequate.

4. No provision for loan works is made in Palni, and in the other taluks the provision is small.

5. It should be clearly stated whether, if constructed, the District Board could maintain the great length of new roads proposed.

6. The following discrepancies are noticed in the statements submitted by the Collector :—

Statement A.—(1) No information is given regarding the preparation of estimates for several of the irrigation projects referred to by the Collector in paragraph 2 of his letter; and unless the projects are in a forward state of preparation they should not have been included as available works in the programme; the correspondence also relating to their sanction has not been quoted, as required by the last clause of rule 9 in Board's Proceedings, No. 411, dated 7th June 1892. These omissions should be supplied.

(2) Several roads in Madura, Tirumangalam, Mélúr and Sivaganga, for the repair of which provision is made in the programme are quoted merely by numbers. They should be fully described by mention of the localities they serve.

Statement B.—The entries in this statement against Madura, Tirumangalam and Dindigul do not correspond with those in column 11 of Form C. This should be explained. A large number of the irrigation works are reported to be out of repair and the repairs have not been provided for in the programme. This should receive early attention.

Form C.—(1) Land improvement works are erroneously shown under works for the improvement of the drinking water-supply instead of under "others" of the miscellaneous works.

(2) The total cost of large works in Dindigul (column 26) and the cost of such works for which estimates are ready (column 28) should respectively be Rs. 70,735 and Rs. 20,743 instead of Rs. 74,097 and Rs. 26,011; a corresponding correction is necessary in the grand total in column 28.

7. The Collector should submit a revised abstract without any delay.

Proceedings, 16*th May* 1894, *No.* 197.

Famine relief works programme for 1894–95.—Submitting to Government an abstract received from the Collector of Madura.

PROCEEDINGS OF THE BOARD OF REVENUE

(Revenue Settlement, Land Records and Agriculture).

Read—the following letter from E. TURNER, Esq., Collector of Madura, to the Secretary to the Commissioner of Revenue Settlement and Director of the Department of Land Records and Agriculture, dated Kodaikánal, 14th April 1894, Ref. on Current No. 2946, Rev. Gl. :—

I have the honour to submit the programme of famine relief works in the Madura district for the official year 1894–95 with the necessary statements. It will be seen therefrom that provision is made to the extent of nearly 42 lakhs, composed of the following items :—

	Lakhs.
I. Irrigation works	13½
II. Forests works	1½
III. Roads (new) and repairs	25
IV. Miscellaneous land improvements, &c.	2
Total ...	42

2. The large projects entered under item No. I have all been approved of by Government and have therefore been included. With reference to item No. II, the Conservator of Forests has been consulted and the works therefore find place in the programme. As regards item III the works mentioned in the programme of 1893–94 are repeated with few modifications.

RESOLUTION—dated 16th May 1894, No. 197.

The abstract of the programme of famine relief works for 1894–95, received from the Collector of Madura, will be submitted for the information of Government.

2. The programme contains provision for the construction of eight* new irrigation works at a cost of 9·61 lakhs and repairs to existing works 3·83 lakhs; forest fencing works 1·36 lakhs; the construction of 869 miles of new roads to cost 17·95 lakhs and repairs to existing roads 6·95 lakhs; works for improving the supply of drinking water to cost 1·81 lakhs and land improvement works to be executed by the aid of State loans to cost ·18 lakh. The total provision amounts to Rs. 41,67,724. The works are estimated to be sufficient to provide employment for three months to 20 per cent. of the total population of the district. The proportion provided for is, however, much below the prescribed minimum of 20 per cent. in the Dindigul, Madura and Tirumangalam taluks and in the Zemindari divisions.

	RS.
* Palni Porandalur project ...	5,00,000
Gullapuram reservoir project ...	3,00,000
Minor projects in Periyakulam (3)	30,000
Periyár channels (3)	1,30,627

3. Estimates are reported to be ready for works costing Rs. 5,35,006 or only 13 per cent. of the total provision, loan works excepted. This is inadequate.

4. No provision for loan works is made in Palni, and in the other taluks the provision is small.

5. It should be clearly stated whether, if constructed, the District Board could maintain the great length of new roads proposed.

6. The following discrepancies are noticed in the statements submitted by the Collector:—

Statement A.—(1) No information is given regarding the preparation of estimates for several of the irrigation projects referred to by the Collector in paragraph 2 of his letter; and unless the projects are in a forward state of preparation they should not have been included as available works in the programme; the correspondence also relating to their sanction has not been quoted, as required by the last clause of rule 9 in Board's Proceedings, No. 411, dated 7th June 1892. These omissions should be supplied.

(2) Several roads in Madura, Tirumangalam, Mélúr and Sivaganga, for the repair of which provision is made in the programme are quoted merely by numbers. They should be fully described by mention of the localities they serve.

Statement B.—The entries in this statement against Madura, Tirumangalam and Dindigul do not correspond with those in column 11 of Form C. This should be explained. A large number of the irrigation works are reported to be out of repair and the repairs have not been provided for in the programme. This should receive early attention.

Form C.—(1) Land improvement works are erroneously shown under works for the improvement of the drinking water-supply instead of under "others" of the miscellaneous works.

(2) The total cost of large works in Dindigul (column 26) and the cost of such works for which estimates are ready (column 28) should respectively be Rs. 70,735 and Rs. 20,743 instead of Rs. 74,097 and Rs. 26,011; a corresponding correction is necessary in the grand total in column 28.

7. The Collector should submit a revised abstract without any delay.

Board of Revenue

(Revenue Settlement, Land Records and Agriculture),

MADRAS.

Printed May 31st.

Proceedings, 16th May 1894, No. 197.

Famine relief works programme for 1894–95.—Submitting to Government an abstract received from the Collector of Madura.

PROCEEDINGS OF THE BOARD OF REVENUE

(Revenue Settlement, Land Records and Agriculture).

Read—the following letter from E. TURNER, Esq., Collector of Madura, to the Secretary to the Commissioner of Revenue Settlement and Director of the Department of Land Records and Agriculture, dated Kodaikánal, 14th April 1894, Ref. on Current No. 2946, Rev. Gl. :—

I have the honour to submit the programme of famine relief works in the Madura district for the official year 1894–95 with the necessary statements. It will be seen therefrom that provision is made to the extent of nearly 42 lakhs, composed of the following items :—

	Lakhs.
I. Irrigation works	13½
II. Forests works	1½
III. Roads (new) and repairs	25
IV. Miscellaneous land improvements, &c.	2
Total ...	42

2. The large projects entered under item No. I have all been approved of by Government and have therefore been included. With reference to item No. II, the Conservator of Forests has been consulted and the works therefore find place in the programme. As regards item III the works mentioned in the programme of 1893–94 are repeated with few modifications.

Resolution—dated 16th May 1894, No. 197.

The abstract of the programme of famine relief works for 1894–95, received from the Collector of Madura, will be submitted for the information of Government.

2. The programme contains provision for the construction of eight* new irrigation works at a cost of 9·61 lakhs and repairs to existing works 3·83 lakhs; forest fencing works 1·36 lakhs; the construction of 869 miles of new roads to cost 17·95 lakhs and repairs to existing roads 6·95 lakhs; works for improving the supply of drinking water to cost 1·81 lakhs and land improvement works to be executed by the aid of State loans to cost ·18 lakh. The total provision amounts to Rs. 41,67,724. The works are estimated to be sufficient to provide employment for three months to 20 per cent. of the total population of the district. The proportion provided for is, however, much below the prescribed minimum of 20 per cent. in the Dindigul, Madura and Tirumangalam taluks and in the Zemindari divisions.

	Rs.
* Palni Porandalur project ...	5,00,000
Gullapuram reservoir project ...	3,00,000
Minor projects in Periyakulam (3)	30,000
Periyár channels (3)	1,30,627

3. Estimates are reported to be ready for works costing Rs. 5,35,006 or only 13 per cent. of the total provision, loan works excepted. This is inadequate.

4. No provision for loan works is made in Palni, and in the other taluks the provision is small.

5. It should be clearly stated whether, if constructed, the District Board could maintain the great length of new roads proposed.

6. The following discrepancies are noticed in the statements submitted by the Collector:—

Statement A.—(1) No information is given regarding the preparation of estimates for several of the irrigation projects referred to by the Collector in paragraph 2 of his letter; and unless the projects are in a forward state of preparation they should not have been included as available works in the programme; the correspondence also relating to their sanction has not been quoted, as required by the last clause of rule 9 in Board's Proceedings, No. 411, dated 7th June 1892. These omissions should be supplied.

(2) Several roads in Madura, Tirumangalam, Mélúr and Sivaganga, for the repair of which provision is made in the programme are quoted merely by numbers. They should be fully described by mention of the localities they serve.

Statement B.—The entries in this statement against Madura, Tirumangalam and Dindigul do not correspond with those in column 11 of Form C. This should be explained. A large number of the irrigation works are reported to be out of repair and the repairs have not been provided for in the programme. This should receive early attention.

Form C.—(1) Land improvement works are erroneously shown under works for the improvement of the drinking water-supply instead of under "others" of the miscellaneous works.

(2) The total cost of large works in Dindigul (column 26) and the cost of such works for which estimates are ready (column 28) should respectively be Rs. 70,735 and Rs. 20,743 instead of Rs. 74,097 and Rs. 26,011; a corresponding correction is necessary in the grand total in column 28.

7. The Collector should submit a revised abstract without any delay.

REVENUE DEPARTMENT.

1894.

Board of Revenue

(Revenue Settlement, Land Records and Agriculture),

MADRAS.

Printed May 31st.

Proceedings, 16th May 1894, No. 197.

Famine relief works programme for 1894–95.—Submitting to Government an abstract received from the Collector of Madura.

PROCEEDINGS OF THE BOARD OF REVENUE

(Revenue Settlement, Land Records and Agriculture).

Read—the following letter from E. TURNER, Esq., Collector of Madura, to the Secretary to the Commissioner of Revenue Settlement and Director of the Department of Land Records and Agriculture, dated Kodaikánal, 14th April 1894, Ref. on Current No. 2946, Rev. 61. :—

I have the honour to submit the programme of famine relief works in the Madura district for the official year 1894–95 with the necessary statements. It will be seen therefrom that provision is made to the extent of nearly 42 lakhs, composed of the following items :—

	Lakhs.
I. Irrigation works	13½
II. Forests works	1½
III. Roads (new) and repairs	25
IV. Miscellaneous land improvements, &c.	2
Total ...	42

2. The large projects entered under item No. I have all been approved of by Government and have therefore been included. With reference to item No. II, the Conservator of Forests has been consulted and the works therefore find place in the programme. As regards item III the works mentioned in the programme of 1893–94 are repeated with few modifications.

RESOLUTION—dated 16th May 1894, No. 197.

The abstract of the programme of famine relief works for 1894–95, received from the Collector of Madura, will be submitted for the information of Government.

2. The programme contains provision for the construction of eight* new irrigation works at a cost of 9·61 lakhs and repairs to existing works 3·83 lakhs; forest fencing works 1·36 lakhs; the construction of 869 miles of new roads to cost 17·95 lakhs and repairs to existing roads 6·95 lakhs; works for improving the supply of drinking water to cost 1·81 lakhs and land improvement works to be executed by the aid of State loans to cost ·18 lakh. The total provision amounts to Rs. 41,67,724. The works are estimated to be sufficient to provide employment for three months to 20 per cent. of the total population of the district. The proportion provided for is, however, much below the prescribed minimum of 20 per cent. in the Dindigul, Madura and Tirumangalam taluks and in the Zemindari divisions.

		RS.
* Palni Porandalur project	...	5,00,000
Gullapuram reservoir project	...	3,00,000
Minor projects in Periyakulam (3)		30,000
Periyár channels (3)	... ...	1,30,627

3. Estimates are reported to be ready for works costing Rs. 5,35,006 or only 13 per cent. of the total provision, loan works excepted. This is inadequate.

4. No provision for loan works is made in Palni, and in the other taluks the provision is small.

5. It should be clearly stated whether, if constructed, the District Board could maintain the great length of new roads proposed.

6. The following discrepancies are noticed in the statements submitted by the Collector :—

Statement A.—(1) No information is given regarding the preparation of estimates for several of the irrigation projects referred to by the Collector in paragraph 2 of his letter; and unless the projects are in a forward state of preparation they should not have been included as available works in the programme; the correspondence also relating to their sanction has not been quoted, as required by the last clause of rule 9 in Board's Proceedings, No. 411, dated 7th June 1892. These omissions should be supplied.

(2) Several roads in Madura, Tirumangalam, Mélúr and Sivaganga, for the repair of which provision is made in the programme are quoted merely by numbers. They should be fully described by mention of the localities they serve.

Statement B.—The entries in this statement against Madura, Tirumangalam and Dindigul do not correspond with those in column 11 of Form C. This should be explained. A large number of the irrigation works are reported to be out of repair and the repairs have not been provided for in the programme. This should receive early attention.

Form C.—(1) Land improvement works are erroneously shown under works for the improvement of the drinking water-supply instead of under "others" of the miscellaneous works.

(2) The total cost of large works in Dindigul (column 26) and the cost of such works for which estimates are ready (column 28) should respectively be Rs. 70,735 and Rs. 20,743 instead of Rs. 74,097 and Rs. 26,011; a corresponding correction is necessary in the grand total in column 28.

7. The Collector should submit a revised abstract without any delay.

PROCEEDINGS OF THE BOARD OF REVENUE

(REVENUE SETTLEMENT, LAND RECORDS AND AGRICULTURE).

READ—the following letter from E. TURNER, Esq., Collector of Madura, to the Secretary to the Commissioner of Revenue Settlement and Director of the Department of Land Records and Agriculture, dated Kodaikánal, 14th April 1894, Ref. on Current No. 2946, Rev. Gl. :—

I have the honour to submit the programme of famine relief works in the Madura district for the official year 1894–95 with the necessary statements. It will be seen therefrom that provision is made to the extent of nearly 42 lakhs, composed of the following items :—

	Lakhs.
I. Irrigation works	13½
II. Forests works	1½
III. Roads (new) and repairs	25
IV. Miscellaneous land improvements, &c.	2
Total ...	42

2. The large projects entered under item No. I have all been approved of by Government and have therefore been included. With reference to item No. II, the Conservator of Forests has been consulted and the works therefore find place in the programme. As regards item III the works mentioned in the programme of 1893–94 are repeated with few modifications.
