OLS 130/148 H.E. 25/6/94

Letter from the Executive Engineer, Kistna Northern Dn., to the Superintending Engineer, 2nd Circle, dd. Bezwada, 1st June 1894. No. 395 E.

I have the honor to point out that the final budget issue for Civil works provides× no funds for Narasaraopett Taluq Catcheri.

S.Es' remark
× also in G.O. no. 1222W. of 18-5-94.

I think this must be a mistake as the work is more than half finished, and nearly all materials required for its completion are at site.

It is absolutely impossible to stop the work in its present state, the doors and windows will be ruined by exposure to the weather, and the contractor will claim damages for the loss of his contract.

Accordingly I have not issued orders to stop the work and it is going on as before.

This is the only work (so far as can be seen) which is in progress and which is not classed under A. works and the omission must, I think, be a simple clerical error.

No.

modifications of grants. A further sum of Rs. 662 becomes available from the works shown in the margin,× the budget grants being in excess of the balance of estimate. Adding this amount, the Provincial reserve will stand at Rs. 201,469 ~~200,381~~.

~~leaving Rs 41690 for new works. It is proposed to consider the allotment of this sum after the incomplete works have been disposed of~~

4. Funds have been provided for all the incomplete works brought forward by Suptg. Engineers with the exception of those in the margin.× These works are separately provided for in the budget and the outlay on them should be restricted to the amount of grants there assigned.

5. As regards the allotment required for constructing a single circular kitchen in the Central Jail at Vellore, orders have been passed in separate Proceedings.×

Note for W

In Memo: No: 1163C d/ 14th March 1894, the Revenue Department was asked to report which of the grants proposed to be cut out by E. W. could be restored so as to work up the total of such grants to between Rs 50,000 and Rs 60,000. As the Govt. of India has since reduced the grant for Provincial Civil Works by a further sum of Rs 16,000 and as this reduction is to be made in the allotment for taluk offices, the amount to be restored should not exceed Rs 44,000.

The proposals made by the Revenue Department amount to Rs 54,000 and orders are therefore solicited as to which of the items recommended by the Revenue

The selection of item 12 in the preliminary Budget for omission appears to have been a mistake, for from the note attached to the Pros. the intention apparently was to strike out

The original statement ~~in~~ handwriting containing the selection of works to be omitted has not been sent. This is what is particularly wanted. There was another file of office note correspondence with the Revenue Dept. on that subject. It will probably be with this - if not in the Budget Section.
