BOARD OF REVENUE (REV. SETT., L. RDS. AND AGRI.), 12TH MAY 1894, No. 187.

PROCEEDINGS OF THE BOARD OF REVENUE
(REVENUE SETTLEMENT, LAND RECORDS AND AGRICULTURE).

READ—the following letter from W. J. H. LE FANU, Esq., Collector of the Gódvári District, to the Secretary to the Commissioner of Revenue Settlement, Land Records and Agriculture, dated Cocanada, 9th April 1894, Dis. No. 1216-Ver. :—

I have the honour to enclose statements of famine relief works for 1894-95, in the forms A, B and C prescribed in Board's Proceedings, No. 411, dated 7th June 1892, and to report as follows.

2. The statements have been prepared in accordance with the general rules and special instructions issued on the subject.

3. The Bhadrachalam boat canal and Anumulalanka project have been removed from the list of available works, and the latter is included in the list of additional works at foot of the statement A (*vide* Board's Proceedings, Mis. No. 4667, dated 7th August 1893).

4. No provision has been made under forest fencing works (*vide* Board's Proceedings, No. 4, dated 9th January 1893).

5. The works are likely to cost Rs. 21,28,243 in all, affording employment for three months for 283,759 persons, *i.e.*, for 31.25 per cent. of the population according to the census of 1891.

6. Detailed estimates are ready for nearly 9.5 per cent. of the aggregate provision for the district. None are ready in Peddápur, Pittapur, Polavaram, Yellavaram and Chodavaram. Explanation has been called for and will be submitted on receipt.

7. Better provision for breaking metal and stacking gravel will be made in future statements.

8. A nominal provision of Rs. 5,000 has been made under the Land Improvement Loans Act for the whole district, as the people are not anxious to avail themselves of the advantages of State loans.

RESOLUTION—dated 12th May 1894, No. 187.

The abstract of the programme of famine relief works for 1894-95 received from the Collector of Górávári will be submitted for the information of Government.

2. The programme relates to the upland and non-deltaic portion of the district and provides for the construction of nine new irrigation works at a cost of 1.14 lakhs, and for repairs to existing works at 2.62 lakhs; the construction of 664 miles of new roads at 14.24 lakhs and repairs to existing roads 1.31 lakhs; works intended to improve the supply of drinking water 1.29 lakhs and other miscellaneous works .62 lakh. The ryots are said not to be anxious to avail themselves of the advantages of State loans for land improvements and thus only a nominal sum of Rs. 5,000 for the whole district has been provided for works to be executed by the aid of such loans.

3. The total provision made amounts to Rs. 21,28,243 and is estimated to be sufficient to provide employment for 31 per cent. of the total population. The provision made is adequate in all taluks except Yernagúdem, where it would suffice for only 6 per cent. of the population. This should be amplified in future programmes. A list of additional works is given at the foot of statement A, the cost of which is estimated roughly at 14.7 lakhs inclusive of 9 lakhs, the approximate cost of Anumulalanka project channel referred to by the Collector.

4. Estimates are stated to be ready for works costing Rs. 2,01,417, or only 9 per cent. of the aggregate provision. The explanations promised in paragraph 6 of the Collector's letter are awaited.

5. The following discrepancies and omissions are noticed in the statements submitted by the Collector :—

(1) The repair of Ava tank in Yernagúdem for which a provision of Rs. 5,000 has been made in statements A and C has been omitted in statement B.

(2) The provision of Rs. 30,000 for breaking and stacking metal on a gravelled road in Yellavaram division is shown as a new work in form C.

(3) The lengths of the new roads in the Rajahmundry taluk and of the road work from Peddada to Simson's lock in the Cocanada division have not been entered in statement A. The Collector should supply the omissions.
