note

The index map of road from Surakudi to Budukota Limb, stated to have been constructed & opened for traffic in 1893 does not appear to be in order & will not be of much use to the Survey Office at Calcutta. It may be returned to the L & M. Dept for further information with reference to rule 2, para 44, Chap 12 of the P. & C. Code as no village sites or other permanent objects are shown. Further it should be clearly stated on the map that the alignment of the road is from actual survey or otherwise. The note, "drawn from existing maps" is very vague.
