The Indian Engineer
The Indian Engineering

Under the authority conveyed in your No. 4019 of the 29th November 1893, an advertisement calling for tenders for the construction of the Tuticorin Pier was published in the papers noted in the margin. Besides the Madras George Gazette, Mr. Doyle, the Proprietor of the Indian Engineering has sent in a bill for Rs. 54- fifty four being the charge for publishing the advertisement in three successive issues of the papers. Bills from the other four papers will be shortly received. I have therefore the honor to request sanction to pay the bills.

2. By para 267 (2) of the Madras P.W. Code, Superintending Engineers can sanction charges for advertisements to the extent of Rs. 25 per annum for each Division, but the Government of India Code is silent on this point. In the present

Yours Most Obedt Servt
