

I don't understand
 the present position of
 affairs as regards the
 head quarters of the
 District Engineer; according
 to the table at the
 end of the graduation
 list the Pk. W.D. has
 head quarters at Junter,
 but its work is all in
 the Delta - The Pk. W.D.
 has its head quarters at
 Raywada, but one of
 its subdivisions at
 Junter - hence this
 is not correct -

READ—the following paper :—

From Major W. L. C. BADDELEY, R.E., Superintending Engineer, II Circle,
to the Chief Engineer, Public Works Department, dated Bezwada, 18th June
1894, No. 621 K.S.

With reference to paragraph 3 of G.O., No. 778 W., dated 20th March 1894, I
have the honour to forward herewith a statement showing the names of the sub-divi-
sions of the three divisions forming the Kistna district, also a map of the district
showing in colours the boundaries of the divisions and sub-divisions.

2. With reference to paragraph 4 a statement showing the proposed distribution
of the sanctioned scale of Assistant Engineers and Upper Subordinates is also enclosed ;
it has been found impossible to meet the requirements of the circle without asking for
an addition of 3 Assistant Engineers and 2 Upper Subordinates and the reasons for this
are entered at foot of the statement.

ENCLOSURES.

STATEMENT showing the existing and proposed sub-divisions in the three divisions of the Kistna
district.

The two latter sub-divisions may be temporary.

(2) Two more Upper Subordinates are required for the Kistna Northern division, as without 6 upper subordinates which is the existing strength the work in the division cannot be efficiently managed.

ORDER—dated 4th July 1894, No. 1667 W., Public Works.

The proposals of the Superintending Engineer are approved, but the third sub-division in the Kistna Western division will be denominated the "Western Delta Project Sub-division."

2. The establishment of the three divisions will be brought up to the scale now sanctioned when the services of officers and subordinates become available, but there is no immediate prospect of completing the strength to eight Assistant Engineers.
