READ—the following papers :—

From Commander H. A. STREET, R.I.M., Acting Presidency Port Officer, to the Chief Secretary to Government, dated Madras, 15th January 1894, No. 1112/16 G.

Since forwarding to Government the list of original works to be erected from Port Funds during 1894-95, I have received a revised estimate,* amounting to

Rs. 2,780, from the Superintending Engineer, I Circle, in connection with certain improvements which I desire made to the respective quarters of the Superintendent and the lightkeepers of Santopilly Lighthouse, the cost of which in the schedule submitted with this office letter, No. 1500/421 G., dated 23rd December 1893, was put down at Rs. 500. The sum specified in the schedule was given by the Superintending Engineer in consequence of some misconception as to extent of the improvements desired and this misconception was not discovered until after the schedule which accompanied my letter above quoted had been submitted to Government. The estimate now forwarded was called for in consequence of the Port officer at Bimlipatam having recommended that as the present mud huts with thatched roofs of the lightkeepers at Santopilly were in a very unsatisfactory state owing to the action of whiteants, they should be replaced by stone buildings and also that the quarters of the Superintendent should be enlarged. Having satisfied myself as to the actual necessity of the improvements recommended, I placed myself in communication with the Superintending Engineer, I Circle, on the subject, and as the plan forwarded with the present estimate meets with my approval, I beg that, under the circumstances, the Government will be pleased to sanction the work being carried out. The cost can be met from Vizagapatam Port Funds and will be a general charge in connection with East Coast Lighthouses.

No. 145, Marine.

Approved and transferred to the Public Works Department.

25th January 1894.

(Signed) J. F. PRICE,
Chief Secretary.

From J. E. PAUL, Esq., Executive Engineer, in charge I Circle, to the Chief Engineer, Public Works Department, dated Dowlaishweram, 16th June 1894, No. 163 V.Z.

With reference to your memorandum No. 672 C., dated 14th February 1894, regarding the estimate for extending the Lighthouse Superintendent's quarters and providing quarters for three lightkeepers at Santopilly, I have the honour to furnish the following information :—

								Salary.
