W:
I do not see how this work can be
considered as one of general utility in the
sense of Code III. 68 & 69. On the other
hand it is clearly one of the cost of the
building, and should be added to the capital cost of
the building concerned, & in which the
cost now paid should be proportionately
increased.

Collector's Residence at
Anantapur: Giving his
opinion on the question
whether the fencing of the
Compounds of the —
may be treated as a work
of general utility.

No 1147C of 14th March 1894 P.W.D.

Memo

With reference
to the estimate for
fencing the compounds
of the Collector's residence
Anantapur, forwarded
with letter from the
Super Secy III Circle
No. 1738 dated 10th
Oct 1893, the
undersigned has the
honour to request that
the Super Secy will
report in communi-
cation with the
Collector, whether
there is any objection
to providing a fence
also or
of mulla hedge
without the barbed
wire proposed.

of cost. The estimate
should be revised
according and
resubmitted.

It should be
explained to the Collector
that the

over
12-29-94

cost of the fence will
be added to
the capital cost of
the building and

the rest increased in
proportion. The
additional cost on
account of the proposed
expenditure of Rs 1000
will be Rs 7 per month

Sir,

I have the honor to state in reply to your
No. 1147C dated 14th March 1894 that the Collector
Anantapur in his No. 1092 of 12th April current,
has no objections to barbed wire being struck out
and thinks an alse fence will be best.

2. The estimate will be accordingly revised
and resubmitted.

Read the following:—

Proceedings of the Board of Revenue (Land Revenue) No 264 mis
 dated 19th January 1894
 Endorsement thereon by the Revenue Dept dated
 26th January 1894.

FOR ORDERS.

Can no means be devised by which
 this work can be made a general
 charge? It would be very hard on the
 collector to make him pay anything beyond
 the present rent - wh. is monstrous enough
 as it is. But I have seen for myself how
 absolutely necessary some fence is there, &
 if it could be erected, without adding to
 the rent, it certainly ought to be done.

W
 3 Feb

The collector of Anantapur
 submits an estimate of
 Rs 1100 for fencing the
 Government land round
 his residence and
 recommends that the
 expenditure be not
 added to the capital cost
 of the building for purposes
 of assessing the rent.

The fact remains that
 the ground enclosed by
 the proposed fence will
 constitute the compound
 of the collector's residence,
 and the outlay must
 therefore

fore he taken into
the account in fixing the
rent.

under the ruling of the
Govt. of India contained
in the Proceedings marginally
noted, the rent of the
building is at present
under assessed; the rate
of Rs 2.05 per mensem fixed
in G.O. No 2689 W dated 24th
October 1893 will have
to be revised & increased
to about Rs 2.35 per mensem.

It does not appear
advisable to sanction
the estimate.

Note for H.E. the Governor

The extra rent due
to the expenditure of
an additional sum of
Rs 1100 on capital account
will be Rs 7 per mensem.

S

W

W
1.2.94

I am afraid there is nothing for
it, but to erect the fence - but
why not plant the euphorbia,
or aloe hedge without the wire.
The cost of this need not be so
much - & the care of the hedge
it is once planted will not be a capital
charge.

W
9 Mar.

H.E. 8/3 R 12/3

Public Works Department.

Current No. 4412

Letter No. 686

Dated 12 June 1894

From the Super Engineer III Circle

NOTE BY TECHNICAL SECTION.

Name of work. Fencing the compound of the Collector's residence at Anantapur.

Amount of estimate Rs 390

With reference to this office No. 1147C dated 14 March 1894, the S.E. III Circle submits for the sanction of Govt. a supplemental estimate amounting to Rs 390 for fencing in the compound of the Collector's residence at Anantapur with an alive hedge & ditch.

The rates are fair.

The present rent of the building is Rs 205 & by the additional increase of Rs 390 on Capital account, the extra rent to be paid will be Rs 2-9-9 per annum calculated as below.

Estimate cost of fence —	Rs 390
10% for Sals, Tools & Plant —	39
Total Capital Rs	429

4% on Capital cost to cover interest	Rs 17.16
3% on Capital for repairs —	12.87
10% on Repairs for Sals, Tools & Plant —	12.87
Total annual rent	Rs 42.90

Rs 2.61 (Rs 2-9-9) per annum.

The estimate has been amended, signed by the Collector of the Dist.

It will be observed from the estimate that provision has been made for two combined fields & hand gates with the necessary earth work posts at the principal entrances. The necessity for additional masonry gate posts is provided for in the estimate at a cost of Rs 60 does not appear to be necessary. If masonry gate pillars be omitted from the estimate, the monthly rent of Rs 2-9-9 will be reduced to Rs 2-3-4.

No. VI. 94

The masonry gate posts are presumably necessary. And as their omission would reduce the rent by only 6c. 5p per annum there is no strong reason for leaving them out.
