Letter from the Executive Engineer Bellary Division
No 1091 dated 20th June 1894 to the Suptg. Engineer, III Circle.

I have the honor to request your sanction to provide the
gutters and rain water pipes for the new Cells in the District
Jail at Bellary in anticipation of sanction to the estimate
amounting to Rs 3683 forwarded with this Office letter No
1089 dated 15th June 1894.

If they are to be supplied the materials should be
ordered from Messrs Richardson & Co. at once as the
rains are coming on and proper provision should be made
to carry the water away from the roofs. Also the completion
and handing over of the Cells will be delayed.

No 300

Copy forwarded to the Chief Engineer, P.W.D.
with a request that the estimate may be sanctioned, or the
requisite permission given, in anticipation
