As the operations for 1893-94 have apparently been closed the sanction of Government to admit the outlay (Rs. 3097-II-2) incurred in that year without estimate, is all that is now necessary see also item No. 2 of Provincial Objectionable Item Statement for March 1894

2. Fresh operations have been started in April 1894 and sanction to an estimate for current year will be necessary, if charges are anticipated to exceed Rs. 2500.
