

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
General Establishment.

READ—the following paper :—

From Major O. V. BODDY, R.E., Superintending Engineer, VI Circle, to the
Chief Engineer, Public Works Department, dated Methiputty, 28th June
1894, No. 393 M.D.

I have the honour to inform you that the Executive Engineer, Periyár II division, in February last brought to notice the desirability of appointing a permanent superintendent to be in charge of the head works, &c., of the Periyár main channel, and suggested that the pay of the appointment should be Rs. 60 per mensem. Pending the arrangements consequent on the amalgamation of the Periyár II division with the Madura division, the question was allowed to remain in abeyance. I have now inspected the head works, and am strongly of opinion that the appointment of such a superintendent is necessary. Work in the upper reaches is now practically completed, and the constant presence of an upper subordinate at Peranai is no longer a necessity. There are two lascars employed on the anicut and six lascars on the head and under sluices. There are also six lascars employed on the Ramarajapuram surplus sluices. These men should not be left to their own devices, and I found, on my inspection, that they had been neglecting their work. The Vigay floods come down very rapidly, and I consider that an individual in a more responsible position than that of a lascar charged to "Works" should be present on such occasions to direct the regulating operations. I am of opinion that the services of a suitable man could be secured for Rs. 25 per mensem. The following works should be in his charge :—

- (1) Anicut and under sluices.
- (2) Head sluice, Periyár main channel, and head sluice, Vadagaray channel.
- (3) Ramarajapuram surplus sluice.

A proposition statement is herewith submitted, sanction to which I have the honour to recommend.

ORDER—dated 13th July 1894, No. 1761 W., Public Works.

In the circumstances stated, the appointment of a superintendent on Rs. 25 per mensem for the charge of the head works of the Periyár main channels in the Madura division, is sanctioned.

2. This sanction has been registered as Provincial No. 26 W. of 1894-95 and classified as Establishment, Permanent.

of such a Superintendent is
necessary. Work in the upper
Reacher is now practically
completed, and the constant
presence of an upper Subordinate
at Perandai is no longer a neces-
sity. There are two Lascars
employed on the Ancient, and
6 Lascars on the Head and
Under Sluices. There are also
6 Lascars employed on the Rama-
raapuram Surplus Sluices.
These men should not be left
to their own devices and I found
on my inspection that they had
been neglecting their work. The
Tigay floods come down very rapidly,
& I consider that an individual in a
more responsible position than that of
a Lascar charged to "Works" should be
present on such occasions to direct
the regulating operations. I am of
opinion that the services of a suit-
able man could be secured for Ru-
pees 25 per mensem. The following
Works

Works should be in his charge.

1. Ancient & Under Sluices.
2. Head Sluice Peraiyad, main Chan-
nel & Head Sluice Vadagaray
Channel.
3. Ramarapuram Surplus Sluices.

A proposition Statement is herewith
submitted - sanction to which I
have the honor to recommend.

I have the honor to be,
Sir

NOTES.

Reference to P. W. D. Code.

Chapter I, Para. 30.

1. All proposals for changes in the scales of permanent establishments must be accompanied by a statement in Part I of this form when the changes relate to the engineer or upper subordinate establishments and in other cases by a statement in Part II of this form.

2. The column headed "present scale" should invariably show the existing sanctioned scale (not the strength of the establishment as it actually stands at the time), and should be verified by the Examiner before the statements are forwarded to the sanctioning authority.
