 Trichinopoly

Sir,

According to G. O. No. 14632
 dated 1 June 1893, Communicating
 a list of vacant Government Build-
 ings transferred to public & semi-
 public bodies, I have the honor to
 bring to your notice for such action
 as you may consider necessary, the
 omission in the list of the old Taluk
 Cutcherry at Periaculam now in
 possession of Periaculam Munici-
 cipality. On reference made to
 the Collector and Tahsildar of
 Periaculam it has been ascer-
 tained that the building was
 first transferred to the Diocesan
 Church Board under G. O.
 No. 143 and then by the Local
 Board to the Periaculam
 Municipality

7 Jul

Municipality under G.O. No. 2395 of 1887 not recd
dated 6th December 1887. The name of
the building underwent a change
after its transfer to the Local Fund
Board and was probably called
a Chattram and it is said that
the building is still used as a
resting place for travellers. As the
circumstances and the conditions
under which the building was trans-
ferred to the Municipality cannot
be ascertained from the G.O. refer-
red to above I think it desirable
that Government should be ad-
dressed on the subject.

I have the honor to be
