Note for His Excellency
the Governor:—

For the credit of
Government it is absolutely
necessary that this payment
should be made at once,
and the sources indicated
in the draft are the
only ones from which
it can be provided.
It is hoped that later in
the year there will be
savings which will allow
the last item to be
replaced.

I think this case went up to the
Princ Council, & it was only
finally decided at the beginning
of this year. Hence the delay in
adjusting the claim. However
the Supr. Engineer will explain.
