SIR,

With reference to my officiating
appointment as Superintendent of the Workshops,
I have the honor to bring the following to your
notice:-

My salary and allowances as a
Sub Division officer in the Consulting Architect
Division, are:-

Salary as Sub Engineer 1 st Grade	Rs. 500
Sub Division allowance	30
Presidency allowance	50
House rent	20
Carriage allowance	30
Total	Rs. 630

I learn that while holding charge of
the Workshop if I rank as off. Executive Engineer
third grade Provincial Service, I shall only get
Salary

Enclosure. 1

Dr. E. 1
5078/20

Salary as Executive Engineer 3rd grade Rs 475
 Difference to make up my own salary
 as Sub Engineer 1st grade } 25
 Presidency house rent 30

Total Rs. 530

If the Rules of the Provincial Service
 do not affect me as they were only intro-
 duced in July 1892 prior to which I had passed
 31 years service I should receive as offg:
 Executive Engineer old 4th grade.

Salary Rs. 500 as Sub Eng. 1st
 Charge allowance 100
 Presidency allowance 100
 House rent 45
 Total 745 Rs.

I send letter No 263 D of the 30th June 1894
 from the Examiner expressing his opinion on
 the matter.

In conclusion I need not say anything
 more on the above, except requesting that you
 will represent the justice of my claims to
 the Chief Engineer and obtain for me a fair
 remuneration while holding charge here.

I have the honor to be Sir

dated 10th July 1894.

In a subsequent
notification Mr. Ellis
has been gazetted to hold
charge of the P. W. stores
and Workshops in his present
rank as Sub Engineer

him to draw the same
pay and allowances,
including subdivisional
allowance, which he
drew while attached
to the Consulting
Architects' Division.
The rules as they now
stand do not admit

being made to him.
2. I am however
bound to say that I
consider this unfair to
Mr. Ellis, as his charge
of the Workshops involves
increased responsibility
and should receive
some remuneration.
3. If the Provincial
service had never been
established he would
as stated by the Examiner,
be entitled to the 115
more than he receives
at present, and it appears
wrong that he should
suffer by the introduction
of a service to which
he does not belong and
with which he has nothing
to do.

Mr. Ellis will be informed that the subsequent notification gazetted him to hold charge of the P.W. stores and Workshops in his present rank as Sub Engineer 1st grade will enable him to draw the same pay and allowances, including subdivisional allowance which he drew while attached to the Consulting Architects Division. S. E. C. C. C. —

To,
The Secy: to the
Government of India
Public Works Dept.

Sir,

I am directed to
invite attention to the
effect of the ruling —
contained in the resolution
of the Government of India
No. 2615 G. dated 10 October
1893. It is there laid
down that when an officer
who can be substantively
appointed to the Engineer
Branch of the P.W. Dept.
only under the rules and
on the rates of pay prescribed
for the Provincial
services is appointed
to officiate in, or hold
charge of, an appointment

his acting on charge
allowance shall be
calculated on the rates
of pay fixed for those
services.

2. A case has recently
occurred in which a Sub-
Engineer 1st grade holding
charge of a subdivision
at the Presidency town
was required to take
charge of the P.W. stores
and Workshops, one of the
authorised Executive
divisions of the Presiden
3. As Sub divisional
officer the Sub Engineer's
pay and allowances
were as follows: —

Pay.	Rs 500
Presiding allowance "	50
Presidency house rent "	20
Sub divisional allowance "	30
Total Rs	600

per mensem exclusive of
conveyance allowance

As Officiating
Executive Engineer under
the terms of the resolution
quoted in para 1 above,
this officer would be
entitled to the following
pay and allowances
only

Pay £ 500

Pres. house rent . . . 30

Total £ 530 or

£ 70 per mensem less than
he had been drawing
in a less important charge.

5. In this Presidency,
the exigencies of the
service not infrequently
require that senior officers
subordinates shall be
placed in charge of
divisions for periods
which in some cases
extend over several
months, and it seems only
just that they should

from roads
occasions, but that
they should receive
some additional
remuneration for the
higher duties and addition-
al expense which
thereby devolve upon
them. If the Provincial
Service arrangements
had never been introduced
they would have been
entitled to substantial
remuneration when
officiating as Executive
Engineers, and it seems
anomalous that they
should suffer by the
introduction of a
Service to which they
do not belong and in which
which they have nothing
