Sir.

I beg to report that the levelling instrument and Mathematical instrument boxes in my charge, were on the night of the 30th Ultimo, stolen away with my private things, but on a search being made the instrument boxes were found out near a tank close to my camp at Melur. The boxes have been broken open, but the instruments have not been meddled with. The boxes are now in the custody of the Police and they promise to return them when the magistrate permits to do so.

I beg to remain, Sir,
Your most obedient Servant

From G. H. D. WALKER, Esq., Under Secretary to the Government of India, Public Works Department (General), to the Secretary to the Government of Madras, Public Works Department, dated Simla, 29th June 1894, No. 2095 G.

I am directed to state that it has been decided to issue a revised edition of volume II of the Public Works Department Code. The final approved proof of the edition has been sent to the Superintendent of Government Printing, India, Calcutta, with instructions to print the required number of copies, and I am to request that application may be made to that officer for the number of copies you may require.

Order—dated 25th July 1894, No. 1858 W., Public Works.

Communicated to officers of the Public Works Department in continuation of G.O., No. 2888 W., dated 11th November 1893.

2. The Superintendent, Government Printing, Calcutta, will be requested to forward to the Superintendent, Government Press, Madras, 500 copies of the revised edition of volume II of the Public Works Code for issue as service copies and on payment the distribution following that of volume I. 5th Editio

3. As in the case * of the "Provisional Issue," officers and subordinates who have purchased copies of the present edition of volume II will be supplied free of cost with copies of the new edition.

* G.O., No. 20 W., dated 8th January 1894.

4. A copy of these Proceedings will be forwarded to the Government of India for information with reference to paragraph ~~6.~~ 3.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

General.
Account.

Read—the following paper:—

From Colonel C. A. PORTEOUS, Inspector-General of Police, to the Chief Secretary to Government, dated Madras, 16th July 1894, No. 4076.

With reference to G.O., dated 17th March 1894, No. 310 (R), Judicial Department (No. 585 W., dated 3rd March 1894, Public Works), I have the honour to report that the construction of a station-house at Mukkulam, Madura district, is absolutely necessary.

2. The rented building at present used has no lock-up and is in every respect unsuitable, nor is there any other house available for a police station.

3. In these circumstances I beg to propose that the sum of Rs. 1,340 required for the above work may be transferred from Rs. 10,000 provided in the Public Works Department budget for 1894–95 for the construction of a Police office at Anantapur. I am in communication with the Consulting Architect to the Government of Madras regarding a revised design for this office as directed in G.O., dated 19th February 1894, No. 418, Judicial Department, and it is unlikely that the whole amount sanctioned will be spent upon this work during the present year.

No. 147[illegible], Judicial.

Transferred to the Public Works Department.

Ootacamund,
20th July 1894.

(Signed) A. BUTTERWORTH,

16 JUL 1894
ACCOUNTS.

To

The Executive Engineer
in charge of Coimbatore Division

Honoured Sir

I humbly beg to bring the following few lines to your honour's kind consideration, hoping that your honour will weigh them and do me justice.

I was a temporary Draughtsman in Periyar Division drawing a Salary of Rs 40. The Superintending Engineer was kind enough to select me from the list of temporary draughtsmen recommened by Government for permanent appointments and he has appointed me as the acting 2d. Draughtsman of this Coimbatore Division on a Salary of Rs 20 which I accepted, as there were prospects of being confirmed. As I am now to go back to Periyar after 4th July 94 and as I am not allowed my pay and travelling allowance for the period I was in transit, that is from 2d. to 5th June my loss is very great and puts me to great inconvenience. Consequently I request your honour will kindly take pity upon me and obtain sanction for my transit pay and travelling allowence allowance which ammounts to Rs. 6-2-8. For which act of kindness I shall as in duty bound ever pray.

Petition from A. Varadarajen Mudlr. d/ 5th July 1894.

Note for His Excellency the Governor:—

The history of the petitioner's case is given in the accompanying papers.

He has been treated with great kindness and I think his present request is altogether unreasonable.

It amounts to this; that he should receive full pay instead of pension for doing nothing for two years, and should actually get an increase of pension

No. 5367

for accepting this present.

I would recommend that he be simply informed that Govt. is not prepared to grant him any further concession.

cleared.

To

HIS EXCELLENCY THE RIGHT HON'BLE
THE GOVERNOR IN COUNCIL,
FORT ST. GEORGE,
MADRAS.

THROUGH THE CHIEF ENGINEER P. W. DEPARTMENT.

ENCLOSURE.	*The humble petition of* **A. VARADARAJU MUDELLIAR** *Pensioned 2nd Cler kof the Superintending Engineer's Office 5th Circle, residing in No. 4 Bujanna Row Street, Walajanagar, North Arcot District.*
1 Copy of Government Order No. 672 dated 1st June 1894.	

MOST RESPECTFULLY SHOWETH.

That the humble petitioner begs most respectfully to state that he was favored with the enclosed copy of G. O. No. 672 dated 1st June 1894 from the Pension Department giving sanction to the grant of pension of Rs. 45-1-4 per mensem from 25th January 1892, that is, from the date of the petitioner's removal from the service, for which act of boon, the petitioner is extremely thankful to His Excellency the Governor in Council and begs to state that he also received the arrears of pension for the last 28 months on the 14th idem.

2. That the petitioner now begs to bring to the kind notice of the Gorvernment that his grade when he was removed from the service, was Rs. 100 to 120 rising by an annual increment of Rs 4 and the actual pay he drew on that date was Rs. 108. The period from 25th January 1892 to 24th January 1894 that is, the day before the date of the medical certificate, is exactly two years. The grant of pension for these 2 years was kindly sanctioned by Government and the same was disbursed in arrears to the petitioner as stated in para one. As soon as the petitioner has received his arrears of pension, he cleared a portion of the large debt he owes to his creditors who maintained the petitioner and his large family for the last 2 years and 4 months vide, the petitioner's letter dated 5th June 1894 to the Chief Engineer P. W. Department, and there remains a portion yet to be cleared.

3 That the petitioner begs to state that it may be as well thought why the petitioner and his family should not have been maintained from the petitioner's long earning of the last 26 years. The petitioner begs respectfully to state that the earning he had, was all absorbed in making good the value of the borrowed jewels &c. (worth Rs. 3,000) lost on the occasion of his son's marriage at Bangalore in July 1890 vide, the petitioner's appeal petition to Government dated 23rd November 1892. The petitioner, no doubt, has undergone misfortunes after misfortunes during the last 4 years as per Proverb "misfortunes seldom come single." The petitioner therefore was penniless when he was removed from the service. The present pension, the petitioner draws, is inadequate to maintain his large family and it is therefore impossible to save any thing from it in making good the balance of the debt caused by his removal from service. Unless this burden of debt is removed from his shoulder, the petitioner's mind which was all along in a distressed state, will not be peaceful till the end of his life, though he had a pension after so much inconceivable deal of labor and difficulty.

4. That the petitioner begs respectfully to state that if the Government were to be so graciously pleased as to sanction at least the petitioner's actual pay in lieu of pension from 25th January 1892 to date of Medical Certificate, the petitioner would not only get rid of the burden of debt caused by his dismissal, but also would be benefitted by an additional pension of Rs. 5-9-7 a month. Out of the total amount of the pay that might be disbursed to the petitioner, a little less than half the amount of the same, has already been paid to him in the shape of pension; the difference would only remain to be disbursed to the petitioner. This additional pension of Rs 5-9-7 a month, would be a great help to the petitioner till the end of his life as he has really no private means of livelihood of any kind to fall back upon except his hard earned pension. The petitioner's working days have ended and his present mental and physical conditions render it impossible that he could turn to any other occupation. Had the petitioner continued to remain in the service, he would not only complete his grade but would have also access to the managership of the office on Rs. 200, which would fetch, no doubt, a fare share of pension. The petitioner has unfortunately lost all these prospects.

5. That the petitioner begs respectfully to believe that there are several cases in which public servants who were dismissed from service, had the fortune of getting their back pay when their offences were condoned by Government. The petitioner pleads for mercy not for right. He is no doubt quite content with the concession already given by Government; but owing to the hard circumstances stated in para 2, the petitioner was compelled to trouble the Government again for which the petitioner begs respectfully that he may be pardoned. The petitioner has disclosed all the facts of his present hard circumstances without any concealment or reservation.

6. That the petitioner therefore humbly solicits that His Excellency the
Governor in Council, will be graciously pleased to sanction as a special case, the
petitioner's pay from 25th January 1892 to date of Medical Certificate and to-
direct the Superintending Engineer 5th Circle, to submit a revised pension appli-
cation so that the petitioner's revised pension Viz, Rs. 50-10-11 may be sanctioned
from date of Medical Certificate in lieu of Rs. 45-1-4 sanctioned from date of
dismissal.

7. Which act of kindness shall place the petitioner, the petitioner's very aged parents and his rising children under never to be forgotten sense of obligation to His Excellency the Governor.

Your petitioner begs to subscribe himself.

The humble Memorial of A. VARADARAJU MUDELLIAR, *late 2d Clerk, office of the Superintending Eugineer, Vth Circle, residing in No. 14, Tassoodikhan Bahadur Street, Triplicane, Madras.*

MOST RESPECTFULLY SHEWETH,

That Memorialist was entertained in the Public Works Department in 1865 as Overseer's writer on Rs. 15 and he gradually rose to the position of 2nd Clerk in the Superintending Engineer's office on Rs. 100 to 120 per mensem and during his service extending over a period of 26 years, he had the good fortune to earn an expression of the good will and high appreciation of his services always characterized by integrity and honesty from one and all of his official superiors named in the margin, as will be seen from his Service Register and Testimonials herewith submitted for favor of perusal. During his entire service of 26 years, he always conducted himself so satisfactorily that there was not an occasion in which he was fined even a single cash, also that he never availed of leave of any kind except privilege leave.

Lieut. R. E. Hamilton, R. E.
Mr. G. R. Leggatt.
Mr. W. B. Leggatt.
Mr. E. H. Pringle.
Mr. C. H. B, Burlton.

2. That in July 1890, Memorialist celebrated the marriage of his eldest son at Bangalore on the eve of which, he sustained a heavy loss, jewels of the value of Rs. 2,300 (all of which were borrowed for the occasion) and cash amounting to Rs. 700 having been stolen. Memorialist has been since then led into a peculiar turn of mind and his powers of reasoning, &c. began to fade. He became melancholic and sought relief in devoting his time out of office to the performance of religious duties.

3. That in or about June 1891 in disbursing pay to office establishment hurriedly in order to attend in time a religious discourse (on the Ramayana), Memorialist lost a 10 Rupees currency note. This amount was so small that any sane man of Memorialist's position and understanding, would at once have replaced it as a matter of duty, if not as a penalty for careless disbursement. But Memorialist was so unhinged in mind that in a most unlucky moment, it struck him that Government money so lost in the discharge of Government duties might be made up without his having to make it good by over charging Government. Hence his calamity. Had he for a moment thought that it was dishonest or was a fraud on Government, he would have been the last man on earth to do it. In his ignorance and unsettled state of mind, he thought it nothing but right and he now bitterly rues the unlucky impulse. He was thoroughly honest for nearly a quarter of a century and towards the close of his official career, when on the one hand the prize of the managership was attractive and on the other the prospect of retirement on a well earned pension was equally seductive; it was but a flash of weak mindedness, not to say temporary insanity that prompted him to a course of action which has proved his ruin. As soon as this fatal sum of Rs. 10 was made up by such charges, the impulse vanished.

4. That Memorialist petitioned the Chief Engineer, Public Works Department, praying that the order of dismissal might be set aside and a milder punishment awarded on the ground that his fault was really due rather to a momentary aberration than to any deliberate intention of fraud. On this an order was passed that Memorialist should not be restored to the Government service, *vide* G. O. No. 1297, W. dated 23rd April 1892.

5. That Memorialist begs to urge that he cannot be justly accused of having been dishonest or of having acted with intent to defraud the Government. The result of the temporary derangement of his understanding has proved an inevitable bane. He is now left adrit after so many years' hard and assiduous work not only utterly unprovided for, burdened as he is with a large family consisting of his aged parents and a number of sons and daughters, but an individual likely to be shunned in society as a dismissed public servant. Memorialist must secure the wherewithal for the support of himself and his helpless connections and unless Government is graciously pleased to consider that it is in a manner liable to make some compassionate allowance in the case of the Memorialist who has nearly earned a fair share of his pension by previous good service, it is no exaggeration to say that he must eke out his livelihood during the remainder of his life by mere begging, as he has really no private means of livelihood of any kind to fall back upon. His working days have ended and his present mental and physical condition render it impossible that he conld turn to any other occupation for livelihood. He pleads for mercy not for right. He craves condescension not kindness and in his forlorn state, the gravity of the offence ought not to be his arbiter the more so, when it is conceded that the act was committed while in a state of mental aberration. Memorialist begs respectfully to urge that there are several cases in which graver offences were condoned on the grounds on which he now begs that this case may be treated and pensions or other allowances granted by Government.

6. Memorialist most humbly prays that your Excellency will be pleased to view the case in the light in which Memorialist has stated the simple facts of his case without any concealment or reservation and direct that Memorialist may be medically examined and his Statement in para 2 supra may be duly verified by individual enquiries. If Government is satisfied on both these points, Memorialist prays that the offence for which he has been dismissed from service may be mercifully condoned as having occurred at a time when Memorialist was not really in a fit state of mental condition to be in the service of Gavernment and that he may be granted a pension for the period of his approved service of 26 years and 4 months, as the Memorialist with his large family and dependents, has already suffered from pecuniary difficulties for the last 22 months, during which period, he was deprived of his wages amounting to more than Rs. 2200 for having over charged a paltry sum of Rs. 10, which your Memorialist once more begs to submit, was done from nervousness, his mind having been upset by pecuniary misfortune and which is the only crime he had committed during the whole of his long service.

7. Col. D. McNeil Campbell, R. E., who ordered the Memorialist's dismissal, has himself subsequently modified his opinion (*vide* his Endorsement No. 183 W. Dated 15th April 1892 herewith submitted) as to the measure of the punishment awarded, so far as to say that dismissal was too severe a punishment considering that the Memorialist had borne an excellent character and that the Memorialist should have been permitted to resign without prejudice to the pension admissable to him for his service of over 26 years under Government. Memorialist has shewn, he believes, to the satisfaction of Government, that he has been continuously in a state of mental aberration and that practically he was permanently incapacitated for further service. That this was and is still the case, can best be ascertained by causing his examination by a proper Medical officer. The Memorialist begs that on receipt of the prescribed invalid certificate, he may be ordered to retire on invalid pension, the Medical certificate bearing a later date being accepted by Government under the peculiar circumstances of his case under Civil Service Regulation Article 991 (*c*).

For which act of condescension and humanity Memorialist shall EVER PRAY.

Your Memorialist begs to Subscribe himself,

A Varadarajn Mudaliar

Late 2nd Clerk, Superintending Engineer's Office,

5th Circle, Madras.

15th *December* 1893.

Memorial of A. Varadaraju Mudelliar, late clerk in the Office of the Suptg. Engr., V Circle, dated 15th Decr. 1893.

P. W. Dep

Note for His Excellency the Governor:—

The Memorialist was dismissed by Lt. Col. Campbell the Suptg. Engineer V Circle in consequence of having been detected in making a false entry in the office cash-book in order to cover a deficit of ten rupees for which he was responsible.

Lt. Col. Campbell thought that he had no option in the matter (as in fact he had not) but in forwarding the petitioner's appeal to Government stated that he considered that under the circumstances the penalty

The Memorialist has undoubtedly committed a serious offence – & as the hon. member lately in charge of the Dept. observed might easily have found himself in Jail – but on consideration it does not appear that this offence was anything but a momentary slip – not one of a long series of embezzlements & false entries connected therewith discovered at last. Considering too his long & good service, & the extremely small sum involved, I think the Chief Engineer's proposal may be adopted, & the man allowed to retire voluntarily – ~~on pension~~ the time since his dismissal being reckoned as suspension.

W
3 Jan.

1894) being, under the special circum-

of dismissal, involving as it did the forfeiture of a pension earned by twenty six years of respectable service was too severe, and suggested that he might be allowed to retire voluntarily.

The Government as (will be seen from the Note of the Hon: Member then in charge of the Department on my Note for orders attached to G.O. No 1297 W.a/23. iv. 92 took a different view and the order of dismissal was confirmed.

He now submits a Memorial for further Consideration

I am bound to say

Petition from

that I thought at time and still think that the treatmen the Memorialist re=ceived was over severe it is known that the facts are very much as stated in para s 2 and 3 of his Memoria he bore an excellent character throughout his service, and the smallness of the sum which he lost seems to me rather to suppor his plea that he made the false entries unde an impulse of terror rather than with any deliberate in=tention of fraud.

Read—the following paper :—

From Major W. L. C. BADDELEY, R.E., Superintending Engineer, II Circle, to the Chief Engineer, Public Works Department, dated Bezwada, 13th July 1894, No. 188 G.L.

With reference to G.O., No. 2923 W., dated 30th October 1891, directing that gardeners for buildings occupied as residences should not be allowed at the expense of Government, I have the honour to bring to your notice that in the cases which led to the above order, the wages of the gardeners were not included in the average annual cost of repairs.

2. I request therefore to be informed if gardeners or watchers or both may be entertained, if necessary, when the cost of annual repairs including the wages for these men does not exceed the average cost fixed for each Government residence.

Order—dated 24th July 1894, No. 1848 W., Public Works.

The employment of gardeners at the expense of the State for Government buildings occupied as residences cannot be allowed in any case. Even if the pay of such men be included in the cost of annual maintenance, there will be many cases in which the amount of rent recoverable will not be affected, *e.g.*, when rents are fixed at special reduced rates or at 10 per cent. of salary.

2. Watchmen should be needed only when buildings are vacant, and in such cases sanction to their employment can be obtained under G.O., No. 1328 W., dated 17th May 1893.

Residence

Estimate of Rs. 10,600 for constructing a — for the Head Assistant Collector at Bezwada, sanctioned for early execution, and the Government of India ordered to be addressed with respect to the method adopted bp it in calculating rent.

5. With reference to the remarks in the Superintending Engineer's letter No. 981 K.S., dated 13th July 1893, recorded in G.O., No. 2194 W., dated 28th August 1893, regarding the value of the site of the proposed residence, it is observed that, as Government land was given in exchange for the site, the latter must be treated as Government land and its value must be assessed in accordance with clause (*a*), rule I paragraph 28, chapter XI, Public Works Code, *i.e.*, its value for the purpose of calculating rent must be fixed with reference to the average cost of similar land in the vicinity. There is no question of actual payment for the site, as the amount fixed is merely an estimate of value necessary for the purpose of arriving at the capital cost of the proposed building and of assessing its rent.

6. The sanction accorded in paragraph 1 has been registered as Provincial No. 105 W. of 1893–94 and classified as Civil Buildings, Original Works.

[Here enter No. 2775 W., dated 31st October 1893.]

(True Extract.)
