The following original works costing Rs. 50,000 and over are to be begun during the current official year :—

The percentages for Establishment in Upper Burma and Madras are high. In the latter Province the percentage of the Establishment charges in 1893-94 was 14.29, the increase in the current year is due to an anticipated increase in the number of estimates to be submitted by the District Boards for scrutiny by the Public Works Department and to an anticipated improvement in revenue on which 5 per cent. is charged.

Review of Budget estimates of Expenditure from Incorporated Local Funds on Civil Works for 1894-95.

Read—

Finance Department Resolution No. 1142, dated 17th March 1892.

RESOLUTION.—This review refers to *Civil Works* under the control of Public Works officers, the outlay on which is met from *Incorporated Local* funds. The outlay on Public Works under district boards, which is not administered directly by the Public Works Department, is excluded, because it does not appear in the estimates of local Public Works Department officers, but in the local Civil estimates, and is accounted for to Civil Account officers; the total amount provided for expenditure on such works during the current year amounts to Rs. 1,20,63,000; the bulk of the outlay being in Bengal (Rs. 45,50,000), Madras (Rs. 45,49,000), and Bombay (Rs. 14,91,000).

2. The following statement shows the grants of the year, contrasted with the actual outlay during the five years ending 1892-93, and with the Revised Estimate for 1893-94:—

It is satisfactory to observe that of the total assignment of Rs. 58,89,000 in 1894-95, Rs. 40,11,000 have been devoted to works of communication, which represents 68.11 per cent. of the total grant.

The following original works costing Rs. 50,000 and over are to be begun during the current official year :—

	Amount of estimate.	Grant for 1894-95.
North-Western Provinces and Oudh—		

	Rs.	Rs.

4. The percentage which the outlay on repairs of the several classes and establishment bears to the total grant of each province is noted below. The names of the provinces are arranged in the order of smallness of percentage under "Repairs" and "Establishment" :—

Madras	...	...	...	...	2979

The percentages for Establishment in Upper Burma and Madras are high. In the latter Province the percentage of the Establishment charges in 1893-94 was 14.29, the increase in the current year is due to an anticipated increase in the number of estimates to be submitted by the District Boards for scrutiny by the Public Works Department and to an anticipated improvement in revenue on which 5 per cent. is charged.
