Letter from Captain J. Lalor Asst Engineer to the Executive Engineer Buckingham Canal No 154 dated 19th June 1894.

In compliance with your No 706, dated 16th June 1894 on Superintending Engineer's No 132 G.L dated 12-6-94, I have the honor to append below answers to the questions in connection with my claim to the grant of Exchange Compensation allowance published with G.O, 31st May 1894 No 1354 Tr.

2. When forwarding this information to the Government of India, I request that my letters No* 599 dated 22nd January 1894, addressed to the Executive Engineer Buckingham Canal Division, and No* 718 dated 9th March 1894, also to the Executive Engineer Buckingham Canal Division, may be sent.

* Sent to Chief Engineer with this office Endt: No. 413 Dt. dy 1.2.94.

* — do — do — No. 479 Dt. dy 20.3.94

3. As regards question II (3) I cannot understand why this question is asked, as "the allowance is granted irrespective of whether any remittance is actually made to Europe

or

or not" vide Resolution of the Government of India in the Finance & Commerce dep^{t}. (Accounts and Finance - Rates of Exchange) dated 18th August, 1893, No. 3624 A, and it is a well known fact that many officers are drawing it who make no remittances to Europe.

4. To be "non domiciled in India" is the only qualification necessary to render me eligible for the grant of exchange Compensation allowance, As I have proved that I am "Non-domiciled in India" in my letter No 599 dated 22nd January last, I request that my claim be adjusted as soon as possible, it is now 7 months since it was first preferred.
