

2ND AUGUST 1894, No. 1916 W., PUBLIC WORKS.

GOVERNMENT OF MADRAS.  
PUBLIC WORKS DEPARTMENT.

General.  
Account.

READ—the following papers :—

From the Executive Engineer, Kistna Western Division, to the Superintending Engineer, II Circle, dated 26th June 1894, No. 177 S.

I have the honour to state that the use of Form No. 2-A "casual labour roll" therein referred to in this division will ensure the prompt payment of the few coolies that are employed for short periods on different works, and I would therefore request that sanction may be obtained for bringing them into use in this division.

The adoption of this form has also been recommended by the Examiner, Public Works Accounts, Madras (*vide* paragraph 30 of the inspection report on the Gódvári Western division accounts printed with G.O., No. 1110 W., dated 4th May 1894), and I request that the form in question may be introduced and payments in such cases authorized to be made by the imprest-holders on their own responsibility without submitting them either to division or sub-division officers for "pay order."

I have applied to the Examiner, Public Works Accounts, Madras, for the above forms, but that officer has stated that the orders of Government should be obtained before they are brought into use.

No. 841 K.S.

Forwarded to the Chief Engineer, Public Works Department, for favour of obtaining the sanction of Government for adopting this form in the divisions of this circle in lieu of nominal muster roll in special and urgent cases where labour is employed casually for short periods.

13th July 1894.

(Signed) W. L. C. BADDELEY, Major, R.E.,  
Superintending Engineer, II Circle.

Office-note from the Examiner, Public Works Accounts, dated 23rd July 1894, No. 3016 D./A.

There is no objection to the casual labour form being used with the sanction of Government in special cases on urgent work, but under Government of India Circular No. I P.W. of 1892, communicated with G.O., No. 204 W., dated 21st January 1892, the use of this form is restricted to officers and upper subordinates only.

ORDER—dated 2nd August 1894, No. 1916 W., Public Works.

The Examiner's office-note will be communicated to the Superintending Engineer, II Circle, and to other Superintending Engineers for information.

2. The special cases in which the adoption of the form is desired should be specified and sanction applied for accordingly.
