

GOVERNMENT OF MADRAS.
PUBLIC WORKS DEPARTMENT.

General.
Establishment.

READ—the following papers :—

From A. H. GARRETT, Esq., Superintending Engineer, I Circle, to the Chief Engineer, Public Works Department, dated Dowlaishweram, 7th July 1894, No. 715 G.D.

I have the honour to submit herewith a statement in the prescribed form for revision of establishment of the Government Workshops, Dowlaishweram, and to request that you will be so good as to obtain the sanction of Government to the same.

2. It will be seen from the statement that the salaries of two maistries are proposed to be increased by Rs. 5 each; this proposal is on account of their having not been given any promotion since they have been appointed as maistries and on account of their predecessors' pay having been Rs. 45 each. The two maistries, W. Bhadrappa and K. Perayya Naidu, have worked satisfactorily, and the Assistant Engineer of the Workshop sub-division has recommended the above increase of pay to give them some encouragement and the Executive Engineer has supported the recommendation.

3. I would beg to state that the amount recovered in the last official year on account of percentage charges on all works turned out in the workshops with the exception of works under provincial falls short of the annual establishment, &c., charges by Rs. 1,504 as shown below :—

Works.	Amount of work turned out.	Centage at Rupees.	Amount of centage.
	RS.		RS.
Irrigation	29,884	20 per cent.	5,977
Other department works	1,568	25 do.	392
Work done by private parties	1,550	25 do.	387
Total	..	..	6,756
<i>Charges.</i>			
Establishment	..	..	5,860
Repairs to buildings	..	..	1,000
New tools	..	..	600
Repairs to tools and plant	..	..	800
Total	..	..	8,260

Work to the amount of Rs. 20,852 under Provincial was turned out and the Rs. 1,504 shown above cannot therefore be considered as anything towards loss.

4. I therefore trust that the proposal now made will meet with your approval.

5. I herewith submit Workshop Sub-division officer's letter No. 108 of the 9th May 1894 and the Executive Engineer's letter No. 122 S. of 21st May 1894 on the subject.

 no exceptions to be noted.

Examiner of P. W. Accounts, Madras.

will be the exact mean.
 growth is 20 years the financial value
 and so on; so that when the period of
 8 years = $\frac{1}{2}$ — $\frac{1}{2}$ = $\frac{1}{2}$
 7 years = $\frac{1}{3}$ — $\frac{1}{3}$ = $\frac{1}{3}$
 6 years = $\frac{1}{4}$ — $\frac{1}{4}$ = $\frac{1}{4}$

follows:—
 excess of five years will therefore be as
 exceeds five; the fraction for periods in
 ence for every year by $\frac{1}{5}$ th of the differ-
 should be decreased by $\frac{1}{5}$ th of the fraction
 in the case of accountants) the 3rd fraction
 (as the period of growth exceeds five years)

(2) If the period of growth exceeds five years (as
 Art. 164).
 the minimum and maximum (C. S. R.,
 three-fourths, of the difference between
 appointment is a minimum plus one, plus
 the minimum plus two-thirds, or if the
 maximum is 5 years, the average will be
 in the case of rise from minimum to
 maximum is 5 years, the average will be

(1) If the period of rise from minimum to
 maximum is 5 years, the average will be
 in the case of rise from minimum to
 maximum is 5 years, the average will be
 in the case of rise from minimum to
 maximum is 5 years, the average will be

1. The column headed "present scale" should
 invariably show the strength of the actual (whether above or
 below sanctioned) establishment as it happens to stand
 at the time. The "present scale" should be verified
 by the examiner before the proposal is submitted to
 government for sanction (paras. 25 and 26).
 2. In the column "average or fixed pay," finan-
 cial value, not mean value, should be given.
 3. The financial value should be given.
