READ—Programme of works available for famine relief in the Vizagapatam district during 1894-95 received from the Collector, dated 12th May 1894, No. 95-A.

READ—Statement showing the state of the irrigation works in the Vizagapatam district and the provision made for their repair for the year 1894-95 from the Collector of Vizagapatam, dated 12th May 1894, No. 95-B.

RESOLUTION—dated 25th June 1894, No. 250.

The abstract of the programme of famine relief works for 1894-95 received from the Collector of Vizagapatam will be submitted for the information of Government.

2. The programme contains provision for the construction of 27 new irrigation works at a cost of 2.17 lakhs of rupees and repairs to 745 existing works at a cost of 2.23 lakhs ; the construction of 573 miles of new roads at a cost of 13.31 lakhs ; and repairs to existing roads to cost 3.48 lakhs ; works to improve the supply of drinking-water estimated to cost 3.84 lakhs and other miscellaneous works 10.54 lakhs. The total provision amounts to Rs. 35,56,582 and is estimated to be sufficient to provide employment for 24.43 per cent. of the population of the district. In the Government taluk of Palkonda and in several of the zemindari divisions, however, the provision made is below the prescribed minimum. The Collector should endeavour to enlarge it in the next year. It is observed that road works at an estimated cost of 4.05 lakhs have been provided for the agency tracts of the district.

3. Estimates are reported to be ready for works costing Rs. 13,11,347 or 37 per cent. of the total provision.

4. It is observed that—

(1) the mileage of each new road proposed should have been entered in statement A.

(2) the number of drinking-water works shown in column 19 of statement C against Vizianagram is only one, while the entries in statement A indicate several such works, but the exact number of these works has not been shown in statement A.

(3) the entry of Rs. 2,05,260 in column 26 of statement C as the total against Srungavarapukota and of Rs. 16,670 in column 24 against Parvatipur should be Rs. 155,260 and Rs. 16,070 respectively. The entry of Rs. 10,54,237 in column 22 is a mistake for Rs. 10,54,243. The Collector's office copy should be altered accordingly.

(4) The entries in columns 10 and 11 of statement C against the Sarvasiddhi and Palkonda taluks differ from the corresponding entries in statement B as noted on the margin. The difference in Sarvasiddhi should be explained ; that in Palkonda appears to be due to the erroneous inclusion of new works in statement B. The error should be corrected in the Collector's office copy.

From

Major the Honble R. J. Lawley
THE MILITARY SECRETARY TO THE

RIGHT HONORABLE THE GOVERNOR,

To

The Secretary to Government
Public Works Department
Colacumund.

SIR,

I have the honor to inform you that the Consulting Architect to Government intimated that the following repairs are necessary to buildings at Government House -

1. Main Building. A portion of the front verandah of the upper story was floored with pressed tiles and this year it is proposed to floor the remaining portion. The existing floor is simply chinam plaster and is breaking up. The substitution of one kind of floor for another brings it under the head of "new works." Approximate Cost Rs. 565/-
 2. Military Secretary's Bungalow. The Bungalow terrace roof on both sides of the Bungalow is very much cracked, and the cracks have to be frequently filled with tar and pitch, it is proposed to remove the roof and replace the same with Mangalore tiles. Approximate Cost Rs. 359/-
 3. School. The house at present does not provide sufficient accommodation and it is proposed to enclose a portion of the verandah. Approximate cost Rs. 46/-
- and to request that you will be so good as to obtain the sanction of Government for the same.

I have the honour to be,

Sir,

Your most obedient Servant,

R. J. Lawley Major,
Military Secretary.
