GOVERNMENT OF MADRAS.

FINANCIAL DEPARTMENT.

READ—the following paper :—

From T. W. RAWLINS, Esq., Accountant-General to the Government of Madras, to the Chief Secretary to Government, dated Fort St. George, 15th January 1894, No. 60.

I have the honour to forward the Civil Budget Estimates of Revenue and Expenditure of this Presidency for 1894–95 and to state that the balance at credit of Provincial services, which stood at Rs. 26,00,000 in round figures on 1st April 1893, will, according to the estimates of receipts and expenditure now framed, be reduced to Rs. 23,11,000 and Rs. 22,62,000, respectively, on the 31st March of the current and ensuing official years. The estimated closing balance of each year is thus not less than the fixed minimum of Rs. 20,00,000.

2. But it may be as well to bring to the notice of Government that I have not included in the estimated expenditure of either the current or the ensuing year the sum of Rs. 75,976 which was directed to be placed at the disposal of the Military Department in G.O., Financial, No. 391, dated the 20th April 1893, in connection with the proposed Women and Children's Hospital. As the transfer from the Civil to the Military department in this case involves an adjustment between Imperial and Provincial, a contribution will have to be made from Provincial to Imperial from the Provincial share of Land Revenue receipts, and pending the orders of the Government of India, I have deferred making the adjustment in my estimates.

3. In connection with the changes introduced on account of the new Village Cess Act, I give the following receipts and charges that have been included in the estimates on account of the Village Service Fund. It will be seen that with the contribution of Rs. 5,04,000 from Imperial funds included in Rs. 6,19,000 under I. Land Revenue, Miscellaneous, Village Service Fund, this fund is expected to close with a balance of Rs. 5,02,000 on the 31st March 1895—a sum hardly sufficient to meet the cost of Village Establishments during the 1st half of the year as the collections generally come in only towards the end of the year.

ORDER—dated 17th January 1894, No. 35, Financial.

The budget will be forwarded to the Government of India.

2. The current year opened with a balance of 26 lakhs to the credit of Provincial Funds, and the Accountant-General has fixed the revised estimates of receipts and charges at 310·32 and 313·21, respectively, so that the balance on 31st March next would stand at 23·11. The budget estimate of receipts for 1894–95 amounts to 314·39 and charges to 314·88, leaving a balance at the end of next year of 22·62. As the Accountant-General's revised estimates work out more favorably than was anticipated last month, the grants for 43 and 45 will be raised by the amounts shown below—

and as there are doubts whether the sum of ·76, which was ordered in G.O., dated 20th April 1893, No. 391, Financial, to be placed at the disposal of the Military Department for the construction of a new detention hospital, will be utilised during the current official year, that amount will be re-appropriated in 1894–95 with an addition of ·03 on account of ambulance tongas and bullocks, and the necessary *minus* entry made in the budget estimate under Land Revenue—Adjustments.

3. The sum of receipts as thus altered will amount to 313·60 lakhs, the charges to 316·38, and the closing balance to 20·10.
