From R. G. MACDONALD, Esq., Deputy Secretary to the Government of India, Public Works Department (Account—Civil Works), to the Secretary to the Government of Madras, Public Works Department, dated Calcutta, 8th January 1894, No. 3 A.—C.W.

I am directed to acknowledge the receipt of the schedule of demands for Imperial Civil Works in Madras for the year 1894–95 and, in reply, to communicate the sanction of the Government of India to a provisional grant of Rs. 31,000 for which amount the preliminary issue of the budget estimate should be prepared.

2. I am to express the regret of the Government of India that the present financial position will not permit of a larger grant. The details of the provisional grant are given in the accompanying statement.

ENCLOSURE.

STATEMENT showing details of the provisional grant for expenditure on Imperial Civil Works in Madras during 1894–95.

	Total ..	1,000	8,000	16,000	25,000	6,000	31,000

ORDER—dated 22nd January 1894, No. 196 W., Public Works.

In the letter recorded above, the Government of India has assigned a provisional grant of Rs. 31,000 for expenditure on Imperial Civil Works in Madras during the year 1894–95 and the budget estimate for that year has been prepared accordingly.

2. A provision of Rs. 10,000 was included in the schedule submitted to the Government of India for reconstructing the cross road in the Chingleput district connecting the Chunampet-Madurántakam road with the Merkanam-Tindivanam road, but no allotment has been made. The work has therefore been shown under class *C*.

3. A sum of Rs. 500 having been provided by the Government of India in excess of the allotment applied for on account of the dam across the Valavanar and Rs. 190 under Minor Works, the excess provision, viz., Rs. 690, has been withdrawn and placed at the credit of the reserve.

4. The grant of Rs. 810 provided under "Minor Works, Salt," is for altering the left wing of the European Infantry bomb-proof barracks at Trichinopoly so as to accommodate the offices of the Deputy Commissioner and the Inspectors of the Salt and Abkári Department, the estimate for which was sanctioned in G.O., No. 2282 W., dated 24th August 1891.

5. The control of grants for minor works under Postal and Telegraph being vested in the Directors-General of Post Offices and Telegraphs respectively, Superintending Engineers and the Consulting Architect will apply to those officers for funds required for incomplete and new works under the heads in question.

6. Part II of the budget contains the distribution by divisions of the grants for Postal and Telegraph Repairs.

7. The allotments applied for by the Chief Engineer, Military Works, Madras Command, for repairs to the Postal and Telegraph buildings at Bangalore have been included in the budget estimate and will be placed at his disposal on receipt of the final orders of the Government of India on the budget estimate for 1894–95.

8. The difference between the budget and the revised estimate of charges for 1893–94 is due to the following causes :—

(*a*) Allotments for minor works subsequently sanctioned by the Directors-General of Post Offices and Telegraphs.
(*b*) Surrender to the Government of India of a portion of the grant for constructing a dam across the Valavanar.
(*c*) Transfer to the Military Works Department of the grant for Postal and Telegraph Repairs at Bangalore.

9. With these remarks, the preliminary issue of the Imperial Civil Works budget estimate for 1894–95 will be printed and circulated to the officers concerned and four copies will be forwarded to the Government of India, Public Works Department.

To The Secretary to the

Government of Madras,

Public works Department.

Calcutta, the 8th January 1894.

Sir,

I am directed to acknowledge the receipt of the schedule of demands for Imperial Civil works in Madras for the year 1894-95 and in reply to communicate the sanction of the Government of India to a provisional grant of Rs 31,000 for which amount the preliminary issue of the budget estimate should be prepared.

2. I am to express the regret of the Government of India that the present financial position will not permit of a larger grant. The details of the provisional grant are given in the accompanying statement.

I have the honour to be,

Sir,

Your most obedient servant,

R. G. Montgomery

" Chief Engineer Military Works, Madras Command (" " 6669 " 21 Septr ")
" Govt of India (" " 3 A C.W. " 8 January 1894)

In the letter recorded above, the Government of India has assigned a provisional grant of Rs 31,000 for expenditure on Imperial Civil Works in Madras during the year 1894-95 and the budget estimate for that year has been prepared accordingly.

W 19 Jan.

2 A

(40—2,000—11-10-93.)

2. A provision of Rs 10,000 was included in the Schedule submitted to the Government of India for reconstructing the cross road in the Chingleput District connecting the Chunampet-Madurantakam road with the Merkanam-Irindivanam road, but no allotment has been made. The work has therefore been shown under class C

3. A sum of Rs 500 having been provided by the Government of India in excess of the allotment applied for on account of the dam across the Kalavanar, and Rs 190, under Minor Works, the excess provision, viz. Rs 690, has been withdrawn and placed at the credit of the Reserve.

4. The grant of Rs 810 provided under "Minor Works,

L86/37

Works, Salt" is for altering the left wing of the European Infantry bomb-proof barracks at Trichinopoly so as to accommodate the offices of the Deputy Commissioner and the Inspectors of the Salt and Abkari department, the estimate for which was sanctioned in Lr. No. 2282 W dated 24 August 1891.

5. The control of grants for Minor Works under Postal and Telegraph being vested in the Director General of Post offices and Telegraphs respectively, Superintending Engineers and the Consulting Architect will apply to those officers for funds required for incomplete and new works under the heads in question

6. Part II of the budget

budget contains the distribution by Divisions of the grants for Postal and Telegraph Repairs

7. The allotments applied for by the Chief Engineer, Military Works, Madras Command, for repairs to the Postal and Telegraph buildings at Bangalore have been included in the budget estimate and will be placed at his disposal on receipt of the final orders of the Government of India on the budget estimate for 1894-95

8. The difference between the budget and the revised estimate of charges for 1893-94 is due to the following causes:—

(a) allotments for Minor Works subsequently sanctioned by the Directors General of Post offices and Telegraphs

(b) Surrender to the Government of India of a portion of the grant for construct-ing a dam across the Kalavaccar

196/33

(c) Transfer to the Military Works department of the grant for Postal and Telegraph Repairs at Bangalore

9. With these remarks the preliminary issue of the Imperial Civil Works Budget estimate for 1894-95 will be printed and circulated to the officers concerned and four copies will be forwarded to the Govern-ment of India, P. W. department.
