of the Triplicane Native Foot Ball
Club.

Most Respected Sir

We the members of the
above said Foot Ball Club, beg to bring the
following lines to your honors kind
consideration.

That we applied for the use of our club
the piece of ground in the south sea end
opposite to old Triplicane burial ground
and we have not as yet been
with a reply.

That in the mean time we learn that
a reply to our letter from your honors
office was sent and it was delivered
whether by mistake or otherwise (we do
not know) to the secretary of another
Foot Ball Club in Triplicane.

That we also learn that the secretary
of the above said club not only managed
to receive the letter directed to us from
your honors office, but also detained the
same for a good while, and used undue
influence, force coercion and compulsion
and false intimidation, upon a few of our
members & secretaries, and got an am-
bush of their

them that they had just then got the letter
office of D. P. W. It was a Sunday
at upon our further inquiry we learn that
they also wrote on the very day a letter to your
honors about the amalgamation of the two
clubs in which also they managed to get the
some of our members in the above said im-
proper and illegal means, and also by giving
treat of fruits &c. on the pretext that the
celebrated the anniversary of their club.

Under these circumstances we begged
your honor to notice that the amalgamation
which they think of having effected is
invalid, as it is done without the knowledge
of the majority of our members and also
in a way quite illegal and unbecoming the

That we have sent a letter to the
authorities intimating that serious steps will be taken
if they do not hand over the letter in question
to us and also tender a written apology for the
disgraceful conduct towards us.
That we finally request your honor to
make the possession of the ground over to us and
to us only.

For which act of kindness we should
as in duty bound ever pray for your honors
and prosperity.

Sir,

2 Enclosures

In returning the letter received
with your Memo No 243 D dated the 30th
Instant, I have the honor to report that
the Triplicane Native foot ball club
to whom permission was granted in
G.O. No 1105 dated the 2nd May 1894, have
the ground in the South Beach, consists
of a number of lads who formed them-
selves into a club but have no means of
playing as they do not possess ball. The
order permitting them the use of the
ground appears to have been delivered
by mistake to another stronger club
consisting of young men. But I do not
consider either of these clubs are under
proper management. I am of opinion

that the use of the ground should not be
allowed unless application is made
through some responsible person, say,
the Head Master of the School with
which the players are connected, or any
other well known person.

I have the honor to be
Sir
your most obedient servant

FOR ORDERS.

Under the
circumstances I
think it would
be best to withdraw
the concession
altogether.

I would give the ground to any properly
constituted football club - who apply
through some responsible & respectable
person.
