From Major O. V. BODDY, R.E., Superintending Engineer, VI Circle, to the
Chief Engineer, Public Works Department, dated Trichinopoly, 9th August
1894, No. 778 T.C.

- The Executive Engineer, Trichinopoly division, reports that the Chairman of the
Trichinopoly Municipality has brought to notice that the present steps leading to his
office in the Nawab's palace are too narrow and very inconvenient. Whenever he
requires to move furniture in or out of the office, he has to knock down one of the
windows and take the articles through the opening.
2. In order to avoid this inconvenience, the Chairman proposes to build a new
flight of steps to the north of the Board Normal school in the same building. To do
this a small terraced building will have to be demolished. This building is walled
on three sides only and probably at one time was a guard room. It could not now
be put to any useful purpose without considerable expenditure on it. Being open
to the Bazaar road it is in a very dirty condition, and I consider that its removal
would effect an improvement.
3. I have therefore the honour to request sanction of Government, under para-
graph 20, chapter XI of the Public Works Code, to the dismantlement of the building
referred to.
4. The upper story of the Nawab's palace at Trichinopoly and the Mangammal's

Resolution of the Government of India, Finance and Commerce Department,
dated Calcutta, 6th February 1894, No. 661 P.

Read—

Resolution in this department, No. 3624 A., dated 18th August 1893, regarding the grant
of exchange compensation allowance to European and Eurasian officers of Government
not domiciled in India.

Resolution—

The resolution of the 18th August 1893 applies only to officers whose salary is
chargeable to General Revenues. Exchange compensation allowance is therefore not
admissible under that resolution to Government officers in foreign service.

2. As regards Government officers in foreign service, the Government of India,
so far as they are concerned, agree to the grant of exchange compensation allowance
under the restrictions and rules of the Resolution last quoted. But as the allowances
will not be payable by the Government of India but by the Foreign employer, the
claim in each case must, subject to any conditions imposed by statute, or by trust
provisions, be decided, in the case of foreign service of the first kind, by the orders of
the employer to whom the officer's services have been lent, and in the case of service
of the second and third kinds, with the consent of the controlling authority of the
funds to which the allowance will be chargeable.

3. In cases in which exchange compensation allowance is granted to an officer in
foreign service of the first kind, as defined in Article 802 of the Civil Service Regu-
lations, the allowance should be calculated on "assumed pay" as defined in Article
808 of those regulations. In other cases, it should be calculated on the actual
sanctioned salary of the officer.

Order—

Ordered, that this resolution be communicated to the several Departments of the
Government of India, to all Local Governments and Administrations, to all Heads of
Departments subordinate to the Finance Department; to the Comptroller and Auditor
General; and to all Accountants-General and Comptrollers.

Ordered also, that the resolution be published in the *Gazette of India*.
